# FULL PUBLICITY AND LESS OF PRESIDENTIAL POLITICS

## Judge Gary, Head of Steel Trust, Says the Power of Great Corporations Must be Curbed--Gives Plan.

Washington, Nov. 29.—Government control of corporations to protect public interests and insure stability of business; publicity of corporation affairs and less presidential politics, were urged today by Elbert H. Gary, chairman of the board of directors of the United States Steel corporation as remedies for trust evils and business unrest. Mr. Gary appeared voluntarily before the senate committee on interstate commerce, which is investigating the question of additional trust legislation.

"I would like to see the president elected for eight years without an opportunity for re-election," he said. "In other words, put him in such a position and frame of mind that he has no temptation or inclination to look in any direction or toward interests in reference to his re-election."

Mr. Gary added that he made "no reference to any individual" in his presidential suggestion. He said the country is already feeling the unrest of the coming election.

**First Need is Publicity.**

"The first great thing is publicity," said Mr. Gary; "the great corporation that is compelled to publish its facts and figures and to live up to the requirements of the law, will prove a great thing for the entire country." Mr. Gary declared that the United States cannot give up the big corporation or the big combinations of capital. They are necessary, he said, if the United States is to maintain commercial supremacy and industrial equilibrium and the greatest public good will be secured by working out a system of federal control that will prevent the misuse of the power of corporations.

"In the last few years," said Mr. Gary, "there has been much in the management of great business affairs that was wrong. Many of the great business men, including perhaps myself, had notions concerning the conduct of business which should be changed."

**Corporations Must Be Curbed.**

He said that corporations had developed to a point where they must be curbed to prevent the misuse of their power.

"When we realize that with the ability to accomplish great results is involved the power to do great wrong," said Mr. Gary, "we must realize also that some plan should be devised to protect the public interest and yet preserve the corporation for the great good it can accomplish."

**Proposes Curb for Trusts.**

As a curb for the trust evil, Mr. Gary offered the following plan:

Federal license of corporations, requiring full publicity, preventing overcapitalization and preventing discrimination in cases between persons and localities.

The creation of a corporation commission with power to grant, suspend and revoke federal licenses subject to a right of appeal to a court.

The corporation commission to have power to decide questions submitted by managers of business organizations who desire to avoid illegality in their actions, and to regulate prices as far as necessary to prevent monopoly and restraint of trade.

"For example," said Mr. Gary, "if prices should be established by trade agreement or if raw materials, such as cotton or tobacco, should be pooled, or if patents should be used to the public detriment, this commission should be em-

# FORT WAYNE LADY WINS CHICK FARM

## Miss Della Smith Captures $1,000 Prize at Chicago Land Show.

### SOON TO TAKE CHARGE

Dame Fortune, Billiken or some other god or goddess of good luck has surely sent a smile in the direction of Miss Della Smith, a former Fort Wayne girl, who now resides at 6343 Prairie avenue, Chicago. Miss Smith, who is the daughter of Mr. and Mrs. Jonas Smith, of 601 Third street, was pronounced the winner of the word contest at the land show in Chicago Monday evening, and as a premium she received a $1,000 chicken farm in the suburbs.

The contest consisted in making the greatest number of words from the letters contained in the two words "land show." When informed that she had won the big prize the lucky lady exclaimed, "I'm crazy to see my new farm, and believe I will manage it myself. I do not think it will be necessary for me to get married to take charge of a $1,000 chicken ranch."

Miss Smith is well known in this city. She is a graduate of the International Business college and for seven years she was employed as a stenographer at the Kidd Medical company. She left this city about a year ago to seek employment in Chicago. Until within the last few weeks she worked in the mailing department of Marshall Field & Company but at the time of her lucky winning she was employed at the Excelsior Printing company, at 501 Plymouth place.

# SWAIN SPENT HIS TIME IN CIDER HOUSES ON SUNDAY

## He Also Spent His Money There and Left His Wife and Five Children Without Food.

In begging that he be released so that he could go back to his work and hold his job, Howard Swain confessed to Judge J. Frank Mungovan in the city court today that he spent all of his time and his earnings on Sundays in the cider houses which the police either can not or will not close up on the Sabbath.

He was arrested on affidavit filed by Humane Officer L. C. Schlaudroff, who told the judge that Swain has five little children and his wife and that they have been without food and fuel because he spent all he could make and most of his time imbibing hard cider, and the prisoner admitted the truth of the story.

At first it had been determined to send him to jail and hold him until Friday, but on his promise that he would get food for the family and that he would refrain in the meantime from drinking, he was let go on his own recognizance.

Swain told Judge Mungovan that he had made a practice of visiting the Hoffman cider house, one on Grand street and one on Fairfield avenue, which are kept open every Sunday, and that his love for the strong drink has caused him to let his wife and children go hungry.

A number of arrests for drunkenness have been made where the prisoners stated that they had bought their drinks and gotten drunk in the cider houses. Twice Judge Mungovan held witnesses for twenty-four hours to allow the police to investigate and file affidavits, but for some reason nothing was ever done and the men were turned loose.

The police know where the places are, know they keep open on Sunday and ought to know that the laws against Sabbath desecration will reach them whether the cider is pronounced intoxicating or not.

Two or three times the judge has discharged men who said they were drunk on cider and has grown sarcastic and caustic in dealing with the police end of the matter. He has said that hard cider can not be intoxicating because the police permit it to be sold on Sunday without molesting the men who sell it. This has not had the effect that he desired and the police have shut their eyes to the infractions of the law.

# CHAMP WOLGAST STRICKEN AND GOES UNDER THE KNIFE

## Lightweight Premier Scheduled to Meet Freddie Welsh Tomorrow at Los Angeles, Has Appendicitis.

Los Angeles, Cal., Nov. 29.—Ad Wolgast, the champion light weight fighter, who was scheduled to defend his title against the British boxer, Freddie Welsh, at Vernon arena tomorrow, was stricken with appendicitis at 3 o'clock this morning in his training quarters.

He was removed to a hospital an hour later and preparations were being rushed to perform an operation to save his life.

The twenty-round Thanksgiving day battle at Vernon, of course, is off. The house had been sold out early in the week and the gross receipts, estimated at $35,000, will have to be returned to seat purchasers. Wolgast was to have received $13,500 as his share and Welsh $5,000. Tommy Carey, promoter of the Pacific Athletic club, under the auspices of which the contest was to have been staged, said today he would try to arrange a substitute card.

**Smiles as He Goes to the Table.**

Wolgast was placed on the operating table at 9:30 this morning. Although doubled up with pain he smiled cheerfully just before the surgeons applied the ether cones.

The little champion showed symptoms of the sudden attack last night after he had eaten a hearty supper at his training quarters. Slight pains caused him to complain but he went to bed at 10:30 apparently all right again. At 2 o'clock, however, his manager, Tom Jones, said Wolgast awakened him with screams. Physicians diagnosed the attack as acute appendicitis and declared an immediate operation necessary.

The operation on Wolgast was completed at 10:50 o'clock.

Manager Tom Jones descended from the operating room to escort Mrs. Wolgast up stairs to see her husband.

"Ad is still unconscious from the anesthetic," said Jones, "but the doctors say he is doing fine."

The operation lasted forty minutes. Dr. J. W. Pollard, who performed it, stated that Wolgast's perfect physical condition rendered it almost certain that he would recover rapidly.

"He will be out of the hospital in ten days or two weeks," he said.

**Gave Los Angeles a Jolt.**

The announcement of Wolgast's illness had the effect of a bolt of lightning upon sporting circles. Yesterday he appeared in the pink of condition

# DYNAMITE CASES ARE COMPLICATED

## State Has Three-Cornered Mill to Engage Its Energies.

### THE BRIBERY ISSUE

Los Angeles, Cal., Nov. 29.—Three battlefields instead of one loomed up today before District Attorney John D. Fredericks and Clarence S. Darrow, chief counsel for James B. and John J. McNamara, secretary-treasurer of the International Association of Bridge and Structural Iron Workers, jointly indicted for murder in connection with the Los Angeles Times explosion Oct. 1, 1910.

Besides the daily clash before Judge Walter Bordwell, in the case of James B. McNamara, indicted on twenty-one counts for murder, the two opposing chiefs will direct their attention also to the latest development, the arrest of Burt H. Franklin, an ex-deputy United States marshal, on a charge of having bribed a prospective juror in the McNamara case and of having attempted to influence the verdict of the jury.

A preliminary hearing was set for 1 o'clock today before a justice of the peace and counsel for the McNamaras, who yesterday furnished $10,000 cash bail for Franklin, will wage a vigorous fight to clear him of the charges.

**Other Dynamite Cases.**

Approaching, too, is the trial of H. B. Connor, A. B. Maple and F. Ira Bender, indicted by the grand jury for attempt to dynamite the hall of records in August, 1910, the same building then under construction but now completed, that furnishes the stage for the central McNamara trial. The trial of the trio is scheduled to begin on Dec. 12 and will be the third meeting ground, as counsel for the McNamaras will also defend the three men indicted, all of whom are members of the iron workers union.

Both District Attorney Fredericks and Attorney Darrow faced the prospect of distributing their associates to handle the ramifications of these cases. From the regular proceedings of the McNamara trial, Attorney Darrow has designated his right-hand man, LeCompte Davis, to take charge today of the Franklin defense. It is a tentative arrangement, however, and additional counsel may be secured later. Attorney Darrow has been considering this contingency in connection with the trio indicted for the alleged attempt to destroy the hall of records.

The ranks of the district attorney's office likewise have been thinned, since Assistant District Attorney Joseph Ford now will handle the case against Franklin for the prosecution, while G. Ray Horton, chief trial deputy, will look after the hall of records case for the state.

**News Kept From Jurors.**

Gossip in the court room today where James B. McNamara's trial was continued centered before court convened in the arrest of Franklin and the hearing set for today. As far as the eight sworn jurors and one man passed for cause were concerned, the deputies as usual carefully censored the newspapers and no knowledge of the alleged bribery attempt had reached them. Once yesterday counsel for the state referred to Franklin, asking a talesman if Franklin ever visited him, but he did not develop the point far enough to indicate that which [illegible]

# CHOOSE DELEGATES DEC. 27; DISTRICT MEETING DEC. 29

## Democrats of Twelfth District Will Hold Organization Meeting in Fort Wayne.

The democratic convention for the selection of a district chairman for the Twelfth district will be held in Fort Wayne on Wednesday, December 29. Two days prior to this time, on December 27, the democrats of the various counties will meet to select delegates to the Fort Wayne convention upon a basis of one delegate for each 200 votes cast for governor in 1908, and one delegate for each fraction of 100 votes or over.

County and district meetings will be held all over the state simultaneously on January 4 for organization and the selection of a state chairman.

**Where They Will Be Held.**

The district meetings set for December 29 and the cities in which they are to be held, follow:

First district, 117 delegates, Evansville.

Second district, 132 delegates, Linton.

Third district, 135 delegates, New Albany.

Fourth district, 136 delegates, North Vernon.

Fifth district, 131 delegates. Place of meeting to be announced later by Chairman Foley.

Sixth district, 118 delegates, Connersville.

Seventh district, 163 delegates, Indianapolis.

Eighth district, 139 delegates, Decatur.

Ninth district, 131 delegates, Frankfort.

Tenth district, 104 delegates, Lafayette, Dec. 28.

Eleventh district, 133 delegates, Logansport.

Twelfth district, 129 delegates, Fort Wayne.

Thirteenth district, 167 delegates, South Bend.

**Likely to Be Hoffman.**

Every indication at the meeting held in Indianapolis Tuesday pointed to the strong probability that Edward G. Hoffman, of Fort Wayne, will be the new state chairman. It is practically certain that Mr. Hoffman can have the honor if he will accept it, but he maintains that he is not a candidate and will not discuss the situation. Mr. Hoffman returned last night from Indianapolis.

Information from Indianapolis is to the effect that a strong sentiment for Mr. Hoffman has developed in every section of the state; that seven members of the committee, constituting a majority, are certain to vote for him, and that it would not be surprising if he were the only man considered for the place and the honor given him unanimously.

The apportionment of delegates by counties for the district convention in Fort Wayne will be as follows: Allen, 65; DeKalb, 19; Lagrange, 7; Noble, 17; Steuben, 8; Whitley, 13.

# SOJOURNING ODD FELLOWS TO ORGANIZE LODGE HERE

## Unaffiliated Members in Fort Wayne to Be United Soon in a New Lodge Body.

Within the next few weeks a new lodge of Odd Fellows will be instituted in Fort Wayne, the membership at the outset being composed almost entirely of sojourning Odd Fellows now residing in this city.

They are members of the fraternity who hold membership in various lodges scattered all over the United States, and who have never affiliated with any of the Fort Wayne lodges of Odd Fellows. Jesse MacBeth, district deputy grand master of Odd Fellows for Allen county, says there are between 200 and 300 of them, and it is expected that the new lodge will have a charter membership of at least one hundred.

Mr. MacBeth has been quietly at work upon the matter for several weeks, and he has secured the signatures of a sufficient number to insure the success of the enterprise, with prospects of many others affiliating in the movement.

A call has been issued for a meeting to be held next Sunday afternoon at 2 o'clock at Harmony lodge rooms to make further arrangements for the organization and institution of the new lodge. A number of names are under consideration for the new organization, and the name Lawton lodge appears to be in general favor. The new lodge will be the fourth lodge of Odd Fellows in this city, and it will probably be instituted before the close of the present year.

A new lodge of Odd Fellows is also to be organized at Woodburn shortly.

# JURY HAS AGREED; VERDICT SECRET

## Result in Patterson Murder Trial Waiting on Judge Allen.

### ACCUSED LADY WEAK

Denver, Col., Nov. 29.—The jury in the case of Gertrude Gibson Patterson, charged with the murder of her husband, has reached a verdict, it was stated by court attaches at 11:30 o'clock, but owing to the absence of Judge Allen at a funeral, the nature of the finding is not known.

The jury went out last night and evidently did not reach an agreement until late in the forenoon.

At 7 o'clock counsel in the case were still at their respective homes. Over the telephone they stated they did not expect to be in court until 10 o'clock, explaining that they looked for no developments from the jury room until that hour.

At 7:30 it was stated by a court official that atthat hour the jury had not agreed on a verdict.

Mrs. Patterson spent a restless night. Her brother and sister remained with her until midnight. To the matron she said he was glad the actual trial was over. From time to time during the remainder of the night the matron looked into the cell.

The prisoner was either awake tossing fitfully or moaning in her sleep. Thirty yards away, in the second story of the court house, twelve men, scarcely less restless, discussed the case in desultory fashion.

It was nearly 8 o'clock this morning when Mrs. Patterson arose. The pallor noticeable in court yesterday was still apparent.

When the jury left the court house for breakfast, Mrs. Patterson pressed her face against the window of her cell and watched the twelve men until they passed from sight. When they returned she was again at the window and as they passed into the building to resume their deliberations she cried out softly, "Oh, you dear men—if you would only look up!"

Waiting for the verdict this morning the prisoner regained in large part the composure that characterized her in the opening days of the trial. She was calm but to the matron she confided:

"My knees are so weak that I don't believe I could walk over to the court room."

# MAYOR GAYNOR'S NOTION OF WHAT AN IDEAL NEWSPAPER SHOULD BE

New York, Nov. 29.—To a series of questions propounded to him on the subject, Mayor Gaynor issued an extended statement here today, outlining his idea of an ideal American newspaper. Frequently in his speeches the mayor has criticised the press.

His honor thinks that:

A newspaper should show that there is a gentleman in control of it.

A newspaper should be true—its motives fair.

If the facts are not known an editorial should not be written.

He would confine expressions of opinion to the editorial columns.

Headlines should be accurate and introductions stripped of verbiage.

It would be a good thing if all articles were signed.

The news columns should give all political news without regard to party.

Readers do not want all the testimony in divorce trials and sensational criminal cases.

A decent, well bred official should not be cartooned as a ruffian and a loafer.

No influence from advertisers should control news or editorial columns.

### Diocesan Priest Critically Ill.

Word has been received in the city that Rev. Anthony Heitmann, pastor emeritus of St. John's church, St. John's, Ind., is critically ill at St. Margaret's hospital, Richmond, and that slight hopes are entertained for his recovery. Father Heitmann was seventy-nine years of age September 18 and was ordained to the priesthood nearly forty-seven years ago. He was active pastor at St. John's, Ind., from October, 1870, until July 1, 1906, when he resigned. Since that time, however, he had continued to reside there until recently, when, on account of ill health, he went to the hospital at Hammond.

powered to establish maximum prices for the goods thus controlled."

**Merely to Expand Trade.**

Mr. Gary said the steel corporation had been accused of making agreements to restrain trade and increase prices. It had never done more, he said, than to try to expand trade, maintain fair prices, steady the market and prevent wide fluctuations. This had been the purpose of the so-called Gary dinners and the conferences among steel men.

"But now, with these dinners and conferences mentioned in the government's bill of complaint filed against us, I am afraid of incurring public displeasure if I do anything to maintain the equilibrium of prices," said Mr. Gary.

"Many manufacturers are now selling below cost and if the situation continues they will go into bankruptcy.

"We would not think of doing now," he added, "what Mr. Carnegie and others would have done twelve years ago and would have thought it perfectly right to do."

The witness declared that there can be no return to unrestrained competition in the United States without the destruction of the weaker individuals and companies by the greater ones. He declared that publicity was the remedy to accomplish the most good in regulating the big combinations.

# ALL WILL SERVE HOLIDAY FEASTS

## Big Thanksgiving Dinners at Public Institutions Tomorrow.

## DAY IN FORT WAYNE

Big Thanksgiving feasts are being arranged in all the public institutions in Fort Wayne tomorrow in conformity with custom, and inmates will be enabled to share in the general holiday cheer.

There will be elaborate menus at the three orphanages, a great feast at the state school, and even the inmates of the county jail and the infirmary have not been overlooked. At the latter institution Superintendent W. H. Johnston has prepared a menu which includes roast chicken with oyster dressing, cranberry sauce, slaw, mashed potatoes with chicken gravy, mince pie, cake and coffee.

Business houses will for the most part remain closed for the holiday, and for the first time in many years it is expected that saloons in Fort Wayne will not be open for business on Thanksgiving day.

Aside from the religious observance and the feasting, there are many social events scheduled in Fort Wayne for the day, and in the way of amusement is the football game between the Friars and the Notre Dame eleven and the offerings at the theaters.

### WORKING ON COAL BIDS.

Board of Public Works Not Ready to Make the Awards.

Members of the board of public works were busy late this afternoon with the coal bids for the city supply for next year and had not determined to whom the contract would be awarded.

A special meeting was held during the afternoon for the purpose of receiving and opening bids for the heating plant at No. 1 engine house.

At a session yesterday it was determined to order plans at once for the opening of Barthold street across St. Mary's river and the Guildlin play grounds.

The straightening of the bend in St. Mary's river will cost about $10,000, according to estimates submitted at the gathering, which was attended by the board of county commissioners and representatives of the Bloomingdale Civic Improvement organization.

and fight enthusiasts who saw him wrestle and pummel his sparring partners and cavort about like a playful colt, were astounded to learn that he was in a hospital this morning at the point of death.

Freddie Welsh, who was to have been the champion's opponent in the ring tomorrow was up before dawn and received the news of Wolgast's illness by telephone. "This is a blow. I am sure mighty sorry Wolgast is so sick and disappointed because the fight will have to be called off."

Welsh, however, went out on the road this morning as usual for a work out and expressed the intention of coming into the city this morning if another match for tomorrow could not be arranged for him. Every effort will be made to provide another fight card so that the large gate receipts need not be returned.

### CAREER OF THE PUGILIST.

Cadillac, Mich., Nov. 29.—Ad Wolgast, the pugilist, who is critically ill at Los Angeles, was born here Feb. 8, 1888. He began his pugilistic career about 1906 and had gained a local reputation when he left for Milwaukee in 1907. In 1908 he went to the Pacific coast and won further laurels. After taking the light weight championship from Battling Nelson at Point Richmond, Cal., in 1910, he returned to Cadillac and purchased a farm here, to be located near his relatives. He was married last spring and went west about a month ago to prepare for the fight he had scheduled with Freddie Welsh at Vernon arena.

"Tell me nothing more," sobbed Mrs. John Wolgast, Ad Wolgast's mother, when she was told her son had submitted to an operation for appendicitis. Evidently fearing the worst, she set out without waiting to put on her cloak and walked two miles to the schoolhouse to summon her other children.

Mrs. Bradway Wants $10,000 Damages From Winona Railway.

Judge John H. Aiken was at Warsaw yesterday, where on behalf of Mrs. Erba E. Bradway, he filed a suit in which Mrs. Bradway seeks to recover $10,000 damages from the Winona Interurban railway for injuries sustained in alighting from a car at Warsaw in July last. It is contended that Mrs. Bradway was compelled to alight from the car at night at a point where excavations had been made in the street for paving and relaying street car tracks and that in a fall she sustained injuries which have permanently affected her. Mrs. Bradway is quite well known in Fort Wayne and is a niece of Mrs. George Handy, of Wells street, who was with her at the time of the accident.

# SEES HOPE FOR WORLD'S PEACE

## Interview With President Taft is Printed in a Paris Journal.

## TREATIES WILL WIN

Paris, Nov. 29.—The Matin publishes this morning what purports to be an interview with President Taft written by Francois De Tessan.

The writer quotes the president on such questions as intervention in the Turco-Italian war, on America's attitude in regard to China, on the situation in Mexico and on the general subject of arbitration. When asked about the possibility of American mediation in the Turco-Italian war, the writer says that President Taft declared that the United States was certainly disposed in favor of the re-establishment of peace. Nevertheless he felt that it would be unwise to depart from the path of wisdom.

**What the President Says.**

The president is quoted as follows:

"Our relations with the two belligerents are equally friendly. We do not wish to offend the national dignity of either. Moreover, the Turco-Italian war concerns primarily the Eureopean concort. There is therefore the question of tact for the United States not to put herself forward to bring an end to a conflict which, however, from the bottom of her heart she desires to see ended. It is evident that if the European powers were in accord to ask for our mediation we should be happy to work in favor of peace. We have wished to avoid anything that might lead to a misinterpretation of our action. That is the reason why up to now we have adopted an impartial and impassive attitude."

**The United States and China.**

Speaking on the subject of China, President Taft is stated to have said that the United States would naturally defend its interests, remaining at the same time faithful to the double principle of the maintenance of the integrity of the celestial empire and of the open door. The United States cannot conceive of the other side of the Pacific a nation dismembered and a prey to foreign cupidity in which our enterprises are no longer in a state of stability. What will emerge from the Chinese revolution is a question which no one knows how to answer. It is necessary therefore, to act with prudence and within the limits of the international accords concluded after the boxer troubles. We are adopting a patient attitude so as not to add foreign troubles to the existing confusion in the interior. The point of view of the United States has not varied since the time of John Hay. We wish to see China restored to youth and modernized so that when industry and public works are actually pushed forward we shall be able to develop our commerce in accordance with the rules of loyal competition."

**Affairs in Mexico.**

When asked if any disquietude existed in regard to Mexico, President Taft replied that everything would be done to re-establish peace there, adding that the United States would not permit agitators to prepare a civil war on United States territory.

"Our bankers, merchants and citizens have been already greatly embarrassed by the persistent troubles. We have no hostile project against our neighbors, but desire to maintain order."

Continuing, President Taft said:

"On the eve of the opening of the Panama canal it is of importance to see the people to the south of our frontiers enjoy the healthful tranquility necessary for the triumph of the great work about to be finished and to see the countries in the vicinity of the isthmus in perfect security rather than have the spectacle of unceasing revolutions and counter revolutions."

**Says Treaties Will Be Ratified.**

The president remarked that he returned from the far west with the conviction that he had accomplished a good work and also with the conviction that he had dissipated misunderstandings in connection with the arbitration treaties signed with France and Great Britain.

"After all I have seen and heard, I am convinced that the senate will ratify the text of the treaties submitted to it."

In conclusion President Taft declared that the ambition of the United States was to find in front of an America harmoniously united a Europe preserved from war by rules of arbitration becoming each day more powerful.

"There is a beginning to all things. Whatever obstacles we may temporarily meet on the way we will attain our goal because it is a generous goal and because the entire world is advancing towards it."

### PRESIDENT IMPOSED UPON.

Washington, Nov. 29.—Regarding the de Tessan interview in the Paris Matin, the following statement was given out at the white house today by Secretary Hilles:

Mr. Hilles explained that much surprise had been felt at the white house in finding that a gentleman, the cousin of the French military attache, coming introduced by the French ambassador, should have thought without any authorization, to circulate as an interview his recollection of casual remarks made by the president in the course of hurried conversations. The gentleman in question was one of a very large number received during a busy morning and no interview whatever was authorized.

## THE COURT DOCKETS

A dismissal of the suit brought in the circuit court a short time ago by the Fort Wayne and Northern Indiana Traction company against Louis L. Dessauer and others indicated today that an amicable settlement of their differences had been reached.

The suit involved some of the West Main street property included in the ground sought by the traction company for its new terminals, and as the parties could not agree on a price the action was instituted to have it condemned and appraised.

**Wants Damages for Injuries.**

Adaline Waldschmidt has entered a suit in the superior court against the city of Fort Wayne and Fred Pageler to recover $4,150 for personal injuries. Charles Young left $1.00 each to his children, Albert and Minnie, and the remainder of his estate to be equally divided among the other three children, Clara, Mathilda and Charles. Mathilda Young is named executrix.

Clara F. Duncan seeks a limited separation from Lee W. Duncan, custody of their child and $30 a month support. She charges that her husband was cruel, distrusted her, cursed her and once dragged her from bed and beat her until her arms were blue. A. E. Houk is her attorney.

# SAYS ROOSEVELT MADE A BARGAIN

## In Pact With Railroads in 1904 for Support Says Wharton Barker.

## BANKER'S TESTIMONY

Washington, D. C., Nov. 29.—Wharton Barker, a retired banker of Philadelphia, sprung a sensation on the senate committee on interstate commerce late yesterday when he alleged that a New York financier told him in 1904 that the financial interests would support Theodore Roosevelt for president because the latter had "made a bargain" with them "on the railroad question."

Mr. Barker's statement came in the midst of a vigorous attack on the "money trust," in which he alleged also that President Roosevelt had been given the details of the impending panic of 1907 several months before it happened, but took no action to prevent it.

He declared that the Aldrich currency plan was the handiwork not of former Senator Aldrich but of a Mr. Warburg, of the banking firm of Kuhn, Loeb & Co., of New York, and that a fund of $1,000,000 had been started to insure its adoption.

**Said They Frightened Roosevelt.**

"Three or four weeks before the election in 1904," said Mr. Barker, "I was walking down Broadway, when I met one of the most distinguished money kings in New York, a man now dead. He said to me: 'We are going to elect Roosevelt.' I expressed surprise, and asked if he had given up the support of Parker. He said yes; that they had frightened Roosevelt, so he had made a bargain with them."

Members of the committee looked somewhat incredulous, and Mr. Barker added:

"I wish Mr. Roosevelt were here."

"I wish he were," said Senator Townsend; "it would be interesting."

Mr. Barker said the financial giant, whom he declined to name, told him that Roosevelt had "made a bargain on the railroad question." Mr. Barker continued:

"He is to holler all he wants to,' he told me, 'but by and by a railroad bill will be brought in by recommendation of the president cutting off rebates and free passes, which suits us who own the railroads, permitting the railroads to make pooling arrangements, and providing for maximum rates."

The railroad man added, said Mr. Barker, that under the latter authority it would be possible to add from $300,000,000 to $400,000,000 to the total freight charges paid by the American public.

**Wrote to Roosevelt; No Answer.**

"I told him I didn't believe Roosevelt had made any such agreement," said Mr. Barker, "but when the annual message of 1905 went to congress he recommended most of those things. I wrote to President Roosevelt and told him what I heard, and that I had thought the man lied, but now I must believe he had not. It was the only letter of mine Mr. Roosevelt ever failed to answer."

Members of the committee asked Mr. Barker to give the name of the financial man who had told him that Roosevelt was to be elected.

"I cannot do it," said Mr. Barker, "but subsequently somebody was alleged to have stolen some correspondence between Mr. Harriman and the president, telling of $250,000 put up for election expenses in the city of New York."

Referring to the panic of 1907, Mr. Barker said a man who was present at a conference at J. P. Morgan's house in May came to him in Philadelphia and wanted him to use his influence with President Roosevelt to stop a plan that had been mapped out, he alleged, by the financial leaders. The man was a captain in the Rough Riders, he said, and had used his own influence with the president, but without avail.

**Details of Financiers' Plan.**

"The plan," said Mr. Barker, "contemplated the curtailment of loans, the withdrawal of credits, the putting away of money by those interested where they could get it when they needed it to stop the panic, and the enforcement of the various state laws regarding the holding of cash reserves by the banks and trust companies."

Mr. Barker said that in October, when the financial upheaval reached its crisis, he urged President Roosevelt to distribute the $145,000,000 of cash on hand in the treasury among the banks of Chicago, Philadelphia, Boston and other large cities.

"He wanted to do it," he said, "but he called in Mr. Knox and Mr. Cortelyou and Mr. Root, and instead of depositing in the outside cities he plunged the whole amount into Wall street. It broke the country, but it saved the gamblers."

The Philadelphia man, whose banking house at one time was fiscal agent for the Russian government, declared that those who backed the Aldrich monetary plan had begun a "propaganda" in which it was proposed to spend $1,000,000 to secure the indorsement of the proposed currency legislation.

"Yesterday a banker in Philadelphia started to collect that city's share of the money, $100,000," he said.

**Wide Control of Oligarchy.**

He declared that the "great money oligarchy" of New York controlled all lines of finance, industry and transportation and that no legislation designed to break up the trusts would strike at the root of the trouble.

"Few people appreciate how by control of the money of trust companies, savings banks and national and state banks this money trust has throttled individual enterprises," he said.

He urged a law that would compel national banks to hold their legal reserve in cash, instead of having the power to re-deposit part of it in the banks of New York.

"Nothing but those immense reserves, varying from $250,000,000 to $350,000,000, makes New York the money power it is," said Mr. Barker, insisting that the Aldrich currency plan would strengthen this financial force by enabling the banks to use public credit for their own ends.

## A BRAIN WORKER

### Must Have the Kind of Food That Nourishes Brain.

"I am a literary man whose nervous energy is a great part of my stock in trade, and ordinarily I have little patience with breakfast foods and the extravagant claims made of them. But I cannot withhold my acknowledgement of the debt that I owe to Grape-Nuts food.

"I discovered long ago that the very bulkiness of the ordinary diet was not calculated to give one a clear head, the power of sustained, accurate thinking. I always felt heavy and sluggish in mind as well as body after eating the ordinary meal, which diverted the blood from the brain to the digestive apparatus.

"I tried foods easy of digestion, but found them usually deficient in nutriment. I experimented with many breakfast foods and they, too, proved unsatisfactory, till I reached Grape-Nuts. And then the problem was solved.

"Grape-Nuts agreed with me perfectly from the beginning, satisfying my hunger and supplying the nutriment that so many others prepared foods lack.

"I had not been using it very long before I found that I was turning out an unusual quantity and quality of work. Continued use has demonstrated to my entire satisfaction that Grape-Nuts food contains the elements needed by the brain and nervous system of the hard working public writer." Name given by Postum Co., Battle Creek, Mich.

"There's a reason," and it is explained in the little book, "The Road to Wellville," in pkgs.

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

## Veteran Photographer Observes Twenty-Fifth Business Anniversary.

F. A. SCHANZ, THE OLDEST PICTURE MAN IN FORT WAYNE.

The oldest photographer in Fort Wayne at present, that is the longest in continuous business as such, is F. A. Schanz. Today he is observing the twenty-fifth anniversary of his entrance into the photography business for himself and the occasion is made a pleasant social gathering of his employes and friends at his home, 1515 East Washington street, a Thanksgiving dinner being served at 7 o'clock this evening. This is an annual custom with Mr. Schanz, but this year the event is one that calls for some special personal mention of this veteran Fort Wayne photographer.

Coming to this country as a lad from Germany Mr. Schanz spent three years in New York. In that city he learned the photography business and in 1881 he came to Fort Wayne. For a few months he was engaged in the sale of electrical bells and burglar alarms and then entered the employ of F. R. Barrowes, the photographer. Five years later, on Thanksgiving day, in 1886, he began business for himself as a photographer, his gallery being in rooms over what was then the Eckart meat market on Calhoun street, now the Frank Dry Goods store. He removed in the spring of 1889 to his present location, 922 Calhoun street.

At the time Mr. Schanz entered the business here there were eight other photographers in Fort Wayne, the Hamilton, the Jones, the Barrowes, the Shoaff, the Salsman, the Hover, the Allen and the Sommers galleries, none of whom are now in the business in Fort Wayne. Two of the best known photographers in this city at present, Ed F. Perrey and Chas. W. Miner, were the students and learned the business of Mr. Schanz.

During the thirty years of the career of Mr. Schanz as photographer, twenty-five of which he was in business for himself, many changes have taken place in the art of photography. Then the process of taking photos was somewhat crude and slow. Now it has developed to a high state of perfection. In one of the improved methods, the replacing of sunlight by the electric light, Mr. Schanz has taken prominent part. He has an invention along this line perfected by himself, which is a process that ranks among the best and has attracted wide attention.

There are few men better known in Fort Wayne than Mr. Schanz and none more highly esteemed.

# SPY RUN READY; ALSO LAKESIDE

## Organizing to Assist in the Civic Improvement Campaign.

## WILL SOON GET BUSY

Spy Run and Lakeside gave ample demonstration in meetings held Tuesday evening that they are in full accord with civic improvement plans and are lining up in organized form to aid in the campaign.

Residents of the Spy Run district, meeting at the Commercial club, named a committee composed of Messrs. Cooney Bayer, W. R. Seavey, B. R. Barva and L. A. Centlivre to arrange for a big meeting to be held at the Centlivre curling rink, on State street, Thursday evening, Dec. 7, when a permanent organization will be effected.

Among the improvements suggested for the Spy Run district are the widening of the bridge at the foot of Superior street and the approaches to it; the opening of Fourth street through Bloomingdale, a boulevard along the east bank of the St. Joe river from Elizabeth street to the St. Mary's river and a retaining wall along the west bank of the river from the Centlivre brewery to State street.

**Will Meet December 5.**

Lakeside citizens, pioneers in civic beautification in Fort Wayne, held a meeting at the Lakeside school and arranged for a completion of its organization at a mass meeting to be held December 5. T. J. Logan presided at the meeting and L. P. Sharp was chosen secretary.

President Charles H. Worden and Secretary R. B. Hanna, of the Civic Improvement association, addressed the meeting last evening. Mr. Worden urged a bond issue by the city to provide for the proposed improvements and Mr. Hanna dwelt especially with the work contemplated in Lakeside.

## UNION MEN NOTICE!

Machinists and other skilled laborers all know it is essential to keep their hands soft and pliable. Read what a union glassblower, Joseph Harry, of Terre Haute, Ind., says: "I have been a glassblower for 20 years and have used hundreds of preparations to keep my hands in condition, but none of them compares with Plex. It heals soreness and burns immediately, smoothes the rough skin in one night, and keeps the hands pliable. Our house is never without Plex, and we find it handy to have around to prevent and cure croup, sore throat, catarrh or cold in the head. Believe me, it is a household necessity after you use a box or two of it and find how good it is for the many cases it is indicated for." A large box of Plex costs 50c; mammoth size, 25c. ## FAVORS AN EXPERT

Messrs. A. S. Bond, E. S. Baker and J. C. Workman were named last night as a sub-committee from the investigating committee to make a special inquiry into specific features of the track elevation problem and to report back to a meeting of the general committee to be held soon.

The sub-committee is directed to ascertain particularly to attitude of the Pennsylvania and Wabash railroads on certain phases of the elevation east of Calhoun street. G. M. Haffner and C. H. Moellering, of the committee, expressed the belief that the opening of Clinton street should not be insisted upon if the Pennsylvania would agree to the elevation at other streets east of Calhoun, including Lafayette, Hanna and possibly Monroe streets.

When the possible danger of the removal of the shops from Fort Wayne was mentioned, Chairman A. S. Bond expressed the conviction that it is an issue which should not be allowed to enter into the track elevation problem; that the company would view the shop question solely from an economic standpoint and not upon a sentimental basis.

The concensus of opinion favored the employment of an expert engineer to assist in solving the problem.

## AT THE MAJESTIC.

### Walker Whiteside at the Majestic This Evening.

That the engagement of Mr. Walker Whiteside in "The Magic Melody" at the Majestic theater this evening is attracting unusual attention, is emphasized by the active sale of seats reported by the box office magnates. At least the advance sale indicates that Mr. Whiteside will have a rousing welcome. "The Magic Melody" is a story written in the present tense, with its locale in in New York city.

The story concerns Helmar, a poor young violinist, struggling for recognition in the great metropolis, who finds in the patronage of a multi-millionaire friend the opportunity to appear in public before the right kind of an audience, and thus set his foot onthe first rung of the ladder of success.

The rich man proves to be Helmar's father, and through a series of complications the old struggle between art and ideals, and money-lust are fought over again. The play's plot is simple, yet poignant and makes a strong appeal to the emotions. Many who have seen "The Magic Melody" declare the character of Helmar is exquisitely conceived, and as played by Mr. Whiteside it becomes a living force.

**Louise Dunbar in "The Light Eternal."**

Louise Dunbar will be seen on Thanksgiving day, matinee and night, at the Majestic theater in the role of the Princess Artemia in "The Light Eternal." Miss Dunbar succeeded Eugenie Blair in the part some three weeks ago while the company was playing in Chicago and her interpretation of the role has proven a revelation. Critics everywhere—at least everywhere Miss Blair played the role and Miss Dunbar has followed her—pronounce the latter's ingenious portrayal superior in many respects to Miss Blair's interpretation. She gives to the part a youthful brightnessand fervent earnestness heretofore lacking. Those who recall her performance of "When Knighthood Was in Power," and of "Ingomar," will readily understand how well her personality fits into this powerful religious drama.

**S. H. Dudley in "Dr. Beans of Boston."**

The attraction at the Majestic theater Friday and Saturday will be "The Smart Set" company in that mirthful and side-splitting three-act musical comedy, "Dr. Beans of Boston," headed by S. H. Dudley, the popular and versatile colored comedian. This noted fun maker, who has a large following all over the country, is said to be better equipped than ever this season in the way of material. At any rate he has a role which should give him a chance to display those talents which have made him the most discussed and probably the best known negro entertainer now before the public. There are sixty people in the cast and in point of novelties, features and lively and tuneful jingles the offering can compare with some of the most pretentious Broadway plays. The comedy is divided into three acts and the scenes are all laid in Virginia. Matinee as usual on Saturday.

Chamberlain's Stomach and Liver Tablets do not sicken or gripe, and may be taken with perfect safety by the most delicate woman or the youngest child. The old and feeble will also find them a most suitable remedy for aiding and strengthening their weakened digestion and for regulating the bowels. For sale by all dealers.

## *THE LAUNCHING OF MARSHALL.*

The formal launching of the presidential boom for Governor Marshall has taken place. At the meeting in Indianapolis yesterday the democratic state committee unanimously adopted resolutions in which it is declared that the committee, "in obedience to the unanimous wish of the united and victorious democracy of this commonwealth, presents to the democrats of the United States as a candidate for the presidency Governor Thomas R. Marshall."

The committee recognizes Governor Marshall's well-known and well-understood attitude on the question of the presidency, and pursuant to that knowledge takes pains to make it clear that there is not going to be any brass band campagn for the nomination. The resolutions on this point say that "if nominated, the honor must come to him unsought, as the will of his party freely and fairly expressed." For a year and more the governor has steadfastly refused to have his candidacy promoted by the usual methods. He feels that the office of the presidency is too big to be scrambled for, and that the people will call whomsoever they want to that high place.

Geographically and politically the governor is in a very auspicious situation. Next year Indiana will again become one of the pivotal states. Governor Marshall can carry Indiana, a fact which it is impossible to state with certainty of Governor Wilson, or Governor Harmon. Speaker Clark can carry Missouri, but so, too, can Marshall, and perhaps any of the other democrats mentioned as candidates. The man who gives best promise of ability to swing the doubtful states, not the man who can count merely on holding what belongs to the democracy, is the man the next convention will be looking for. In personal character and attainments, in caliber of statesmanship, in quality of democracy and in well matured convictions upon the great issues that in the next battle will be to the fore, Governor Marshall measures up to all his compeers in the democratic party.

---

It doubtless worries President Taft much less than it worries some of his friends to witness what seems to be a movement with method in it to bring out Colonel Roosevelt. Mr. Taft perhaps feels that he owes to his party and the men in his administration to seek a renomination and election, but it perhaps is true of him, as has more than once been said, that the presidency is not at all to his taste. Very likely he could lay down the reins of power and the cares of office a year from next March with few regrets and many anticipations of more congenial pursuits. His administration has not been altogether a happy one—due in part to deceits practiced upon him, and in part to his inexperience with the political side of government. He is a wiser and less confiding president than he was in his first six months of office, when he took the word of Aldrich and Penrose, Payne and Dalzell, that the last tariff was the best revenue measure the country had ever known.

---

An alien dweller in Wisconsin went home at an unwonted hour and found his wife and his cousin engaged in a very ardent and extremely unconventional exchange of endearments. He slipped noiselessly in with an ax and beheaded both of them with great neatness and dispatch. He confesses frankly to his crime, but says he committed no murder, because in his native country a man is brought up to understand that that is the thing under such circumstances to do. With a vast majority of homicides of all degrees going unpunished and with the unwritten law in increasing multiplicity of cases superseding the written law, this much-wronged and simple-minded though bloody-handed foreign gentleman has reason for the hope that fills his bosom. He expects to be acquitted.

---

Four weeks left in which to do it, but you can hardly be said to have bought 'em early if you wait until the last one. Try it just once and no one will ever be able to interest you in any other plan. It is just as easy to lay out your money with good sense in that way as you come by it, as it is to wait until you have it all together and then try to spend it wisely in a day or two. You can't do it well when you wait; you know that, or ought to, for you've doubtless tried it often enough.

---

United States Senator Winthrop Murray Crane—one and inseparable and if not all of it, then none of it—is the chief pusher of the boom of Colonel Roosevelt. Senator Crane is the most resourceful, capable and prodigiously silent of all the great generals of the standpatters and if he is moving for something, something will be moved.

---

Quite a little game of battledore and shuttlecock with the shorter and uglier word it is that has grown out of this steel trust inquiry. Mr. Rockefeller and Mr. Gates, and Mr. Rockefeller's lawyer, Cotton, and Mr. Littleton and others, big and little, are getting in and out with disclaimers and denouncements that, all brought together, would make a very interesting compendium of literature of the sort.

---

Senor Reyes has abated quite a lot—so much so that there seems to be an increase of plausibility in his plea of not guilty. However, there is no denying that the fact of a President Madero is a red-hot rankler, and that sooner or later there will be those who simply can't stand it any longer and guarantee not to bust.

---

Mr. Taft has contrived to compress his message into the compass of about 6,000 words, which makes it in volume about 25,000 words less than the average of its predecessors during the past decade. Probably Mr. Taft has something to say that he would like to have read.

---

Why not? The Colonel always has been a republican, though in his earlier days as a publicist he became tainted a bit with the heresy of free trade and a tariff for revenue only.

---

To be thankful is a great merit. To make others thankful who else have little to be thankful for is a greater.

### A SANE CHRISTMAS.

(Leslie's Weekly.)

The logic of recent years demands a sane Christmas quite as much as a "safe and sane Fourth." Some good work has already been done, especially by the department stores of our eastern cities, in refusing to keep their stores open at night during the pre-Christmas rush. Many thousands of clerks, who had previously been fearfully overworked at this time and who came to Christmas day physically unable to enjoy it, gratefully testify to the blessing the change has meant to them. In addition, the stores have found that their Christmas trade, instead of being cut into by the change, has actually increased. The public can do its shopping quite as easily before six-thirty as before ten-thirty p. m. This phase of a sane Christmas ought to spread to every city and every section of the country.

But the biggest field for reform—in the matter of giving presents—has hardly been touched as yet. A sacred holiday has become commercialized. Indiscriminate giving, giving beyond the limits of one's purse in order to keep pace with some one else, giving of useless and trifling presents, giving from a supposed necessity in order to "pay back" a present received have combined to destroy the simplicity and wholeheartedness which formerly marked the day. Thus it is that the christian world sighs its relief rather than regret when the season is past. Last July, inspired by the success of the "sane and safe Fourth" movement, some people of Indianapolis formed a league to promote a sane observance of Christmas among christian nations. The plege of the league is as follows:

"I will from this time forward neither give nor accept Christmas presents outside my own immediate household, and I will do all I can, by distributing literature and by other propaganda work, to discourage the senseless practice of indiscriminate Christmas giving to the end that true human love and brotherhood may reign in the hearts of men instead of maudlin insanity which now disgraces the day."

The promise to confine both giving and receiving to one's immediate family does not, we take it, interfere with the Christmas charity which provides for the needy stranger. It is here that the Christmas spirit is at its best, and the saving effected through the solution of indiscriminate exchange of presents will give us all more to use in this way. Room for the old-fashioned Christmas, with its simple and genuine hospitality, sensible gifts for the poor and needy in particular and good cheer for all!

## TWENTY-FIVE YEARS AGO

*What the Sentinel Had to Say About Persons and Events Twenty-Five Years Ago.*

Dr. Barnett took his race horse, "Clifton Boy," to Fort Recovery, Ohio, this morning.

The Andrews Review has suspended publication, and Andrews is again without a newspaper.

E. P. Williams this morning very kindly donated $1,000 toward the erection of a new Y. M. C. A. building in this city.

Ferdinand Lieb, an enterprising young man, has bought an interest in the grocery store of Charley Myers, on Barr street (Wiebke's old stand.)

Waterworks Inspector Iten is completing the extension of water mains on Thomas street. This completes the improvements in this line for the winter.

Capt. J. B. White is planting young maple trees in front of his property on East Wayne and Washington streets. The silver poplar trees are failures and do not survive but a few years.

The Catholic conference of the first district of the diocese of Fort Wayne of the Catholic church will meet at Library hall next Wednesday. Rt. Rev. Bishop Dwenger will preside, and some twenty-five priests are expected to attend.

Work on the new Muskegon branch of the Grand Rapids and Indiana railroad is completed. A party of G. R. & I. officials made a tour of inspection over the road Saturday. They pronounce it excellently built, staunch, secure and smooth.

Mr. Theodore Thieme, the druggist, tells a good dog story and vouches for its absolute truth. His friend, W. H. Thrall, of Hector, O., owns a handsome Irish setter dog. The animal is the pet of the town and almost talks. Recently a neighbor lost a pair of gold eyeglasses and sought the assistance of the dog. They exhibited a pair of eyeglasses and sent the canine out to "find." In a few hours he returned with the spectacles, having picked them up four blocks away.

# ABUNDANCE OF SOFT, FLUFFY HAIR AND NOT A PARTICLE OF DANDRUFF

## Get a 25-Cent Bottle of Danderine and Try This —Stops Hair Falling Out

Danderine dissolves every particle of Dandruff like snow beneath the blazing sun, cleanses, purifies and invigorates the scalp; forever stopping itching and falling hair.

Within ten minutes after an application of Danderine you cannot find a single trace of Dandruff or a loose or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you will actually see new hair, fine and downy at first—yes—but really new hair—sprouting all over the scalp.

A little Danderine will immediately double the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove to yourself tonight—now—that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.

### ICE CAVE FOUND.

**Born to Forest Rangers, Who Have to Travel Miles for Water.**

Bend, Ore., Nov. 29.—Rangers of the Deschutes forest have discovered a natural wonder in the national reserve that will be a great boon to them. It is a cave whose dimensions have not yet been determined, stored with pure, clean ice the year around.

It is located between Spring river and Bachelor Butte, thirty miles west of Bend, and is in a territory far from any water course.

Heretofore if a forest fire broke out in that district the rangers had to haul water many miles. In the future they will get their supply from the ice cave.

A shaft twenty feet deep has been opened into it and a ladder placed so that ice can be taken out easily.

### TURTLES CLOG SUCTION PIPE.

**Work of Men Deepening a Ditch Hampered by Obstruction.**

Monticello, Ind., Nov. 29.—Turtles of large size and numerous are interfering with the deepening of a ditch near Chalmers, which is known as the Carr ditch. M. J. Hanawalt is operating a centrifugal pump with a six-inch suction pipe. It cleans the loose earth and sediment from the ditch and deposits it several yards away.

When small turtles are drawn into the suction pipe they are thrown out without difficulty by the pump, but frequently a larger turtle gets crosswise in the pipe and the earth and grass accumulate about its body, stopping the pipe and causing the men a great deal of trouble in removing it.

Remarkable photographs of the planet Mars have been taken by M. Tikhoff, states the Gazette of the Russian observatory at Pulkowa. The superior definition of the new photographs is due to the use of improved plates and colored screens, which have enabled the astronomer to obtain fine contrasts in his pictures. The best photographs of the "canals" of Mars were taken through red and orange screens, and from these, it is claimed, it would appear that the "canals" are filled with water, or, at any rate, something which has a sea-green color. Further studies of a similar kind in connection with the polar cap indicate that ice is present there, and not snow.

# Feet Tired-- So Tired?

TIZ Makes Sick Feet Well No Matter What Ails Them.

TIZ acts at once and makes tired, aching, swollen feet remarkably fresh and sore proof.

It's the sure remedy, you know, for everything that gets the matter with your feet. It's for sore feet and for sweaty, bad-smelling feet, and for corns, callouses and bunions, too.

"For years I have been troubled with sore and tender feet; suffered intense pains. Have had the assistance of physicians without relief. I bought a box of TIZ, which worked a perfect cure, as it has with a great many of my friends. I would not be without it. All it requires is to be known to be universally used." A. F. Dreutzer, Chicago.

TIZ is not a powder. Powders and other foot remedies clog up the pores. TIZ draws out all poisonous exudations which bring on soreness of the feet, and is the only remedy that does. TIZ cleans out every pore and glorifies the feet—your feet.

You'll never limp again or draw up your face in pain, and you'll forget about your corns, bunions and callouses. You'll feel like a new person.

TIZ is for sale at all druggists, 25 cents per box, or it will be sent you direct, if you wish, from Walter Luther Dodge & Co., Chicago, Ill.

# *Omitting the "Obey"*

*What Will Happen When Lovely Woman Rules*

"NOT content with serving on juries, I see that the women now want to strike the word 'obey' out of the marriage ceremony," remarked the Troubled Tourist. "In a recent case they even showed a marked disinclination to obey the judge.

"I don't know why it is, but somehow they always balk at that word 'obey' when they know very well it's the men who do all the obeying that's done on the premises. That word's a dead letter, but the women are afraid of it.

"Here's a woman who held out for nineteen years before she'd consent to have a marriage ceremony performed with the word 'obey' in it. I don't see how they figure it comes in, but they certainly balk at it.

"We give 'em everything from a week's salary to the privilege of holding office, and then they obey us to the extent of demanding to know how we come to spend all the car fare and lunch money and taking all the offices away from us. There's that town out in Illinois where the women obeyed their husbands so well they put in a woman Mayor, and she promptly turned all the men out of office.

"OBJECTS TO THE WORD 'OBEY.'"

"Another woman marries five husbands and then says men are a pretty monotonous sort of creature, anyway, because they're all alike, and besides she didn't repeat the 'obey' part of the ceremony when she came to it. In the bright lexicon of woman there's no such word as 'obey.'

"You've heard of the strong minded man who was boneheaded enough to try to carry out that part of the contract referring to obedience. He came home with the boys one night at a very late hour, and when they got to his stoop he grabbed the railing and, steadying himself, said:—

"'C'mon in, boys; we'll jus' finish th' evening here at my house.'

"'But, hol on, Smith,' said the boys as they swayed to and fro at the bottom of the steps. 'How about your wife? What'll she say?'

"'That's all right; 's all right,' stoutly asserted Smith as he flung open the front door. 'I'm the Julius Caesar of this house!'

"And just then a cold, penetrating voice floated down over the banisters:—

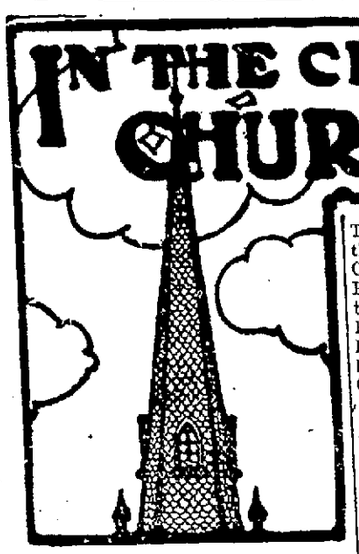

"'Well, Mr. Julius Caesar, you just march right upstairs to bed!'

"'Good night, boys,' said Smith, meekly, as he disappeared inside and closed the door.

"You see, we only think we're Julius Caesars till it comes to a showdown, and then we discover we're only carrying water for the elephant in order to be allowed to stay with the show at all.

"You know what's going to happen when they get all the offices, like in that town out in Illinois, and get control of Congress and the Legislature and the Marriage License Bureau? Why they'll just naturally lift that word 'obey' right out from where it is now and put it over on the men's side of the house.

"And, what's more, they'll hold us to it."

# THANKSGIVING IN THE CHURCHES

## Services Held in Some This Evening and in Others Tomorrow.

## FEW UNION SERVICES

The feature of the Thanksgiving church services this year is that few union services will be held, there being only three of this character. The individual Thanksgiving church service is the rule adopted by the Fort Wayne churches in the belief that it will call out a larger aggregate attendance and this will be the character of most of the services held either this evening or tomorrow. Thanksgiving, however, will be observed with public worship by practically all the churches of the city and the services will be largely attended. The three union Thanksgiving services held are those at the Trinity English Lutheran church, the West Jefferson Street Church of Christ and the Bethel Evangelical church, the sermons being preached respectively by Rev. P. J. Alberthus, Dr. J. F. Vichert and Rev. J. H. McCartney.

The Thanksgiving service at the Trinity M. E. church will be held on Thursday evening at 7 o'clock. An interesting program has been prepared for this service, the pastor, Rev. T. M. Hill, being assisted by the district superintendent, Rev. J. A. Beatty, and the pastor of the Wayne Street M. E. church, Rev. C. Claud Travis. The program consists of addresses, music and readings and is as follows:

Song, Invocation and Piano Trio.
Recitation ..... Earl Wolford
Song—"What Happened" ..... Junior Chorus
Reading—"Thanksgiving" .....
.....Mrs. C. J. Pitman
Anthem—"Rejoice! Give Thanks and Sing" .....
Address—"What Methodism Stands For" .....Dr. J. A. Beatty
Solo—"Silenced" ..Miss Frances Wensley
Reading—"The Madonna at Palos" ....
.....Mrs. I. D. Richards
Address—"The Church and Socialism" .....Rev. C. Claud Travis

Preceding the service oysters will be served in the dining room of the church from 5 to 7 o'clock and also after the service from 9 to 10 o'clock.

The congregations of the First Baptist, the West Jefferson Street Church of Christ and the Plymouth Congregational churches will hold a union service at 10:30 o'clock Thursday forenoon at the West Jefferson Street Church of Christ. The sermon will be preached by Rev. Dr. J. F. Vichert, of the First Baptist church.

The churches of the south side, the Third Presbyterian, the Simpson M. E., the West Creighton Avenue Church of Christ, the Bethel Evangelical, the St. Paul M. E., the South Side Baptist and the Free Methodist, unite in services at 10 o'clock Thursday forenoon at the Bethel church, the sermon being preached by Rev. J. H. McCartney, pastor of the Creighton Avenue church.

The Trinity Lutheran and the Christ Lutheran churches will unite in Thanksgiving service, which will be held at the Trinity Lutheran at 10 a. m., the sermon being by Rev. P. J. Alberthus, pastor of the Christ Lutheran church.

The Thanksgiving service at the English Lutheran Church of the Redeemer, corner Fulton and Washington, will be held at 10:30 a. m. on Thursday, the pastor, Rev. J. R. Graebner, preaching the sermon on the 100th Psalm.

Services will be held Thursday forenoon in all the German Lutheran churches, the hour for most of them being 10 o'clock. The St. Paul church will have two services, one at 9:30 in German and the other at 11:15 in English. The sermon at the Emmaus church will be preached by Rev. Fred Wambsganss, the assistant pastor. The service will be in the nature of "harvesting day" for the Lutheran hospital.

## Cascarets Cleanse Liver and Bowels

**No Biliousness, Headache, Sick, Sour Stomach, Indigestion, Coated Tongue or Constipation.**

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give you a thorough cleansing inside and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Dont' forget the children—their little insides need a good, gentle cleansing, too. adv

# ANTI-BEER FORCES WIN IN ELECTION

## Auburn and Butler Vote "Dry" at Yesterday's Clash.

## ONE WET SPOT LEFT

[Special to The Sentinel.]

Auburn, Ind., Nov. 29.—There is much rejoicing today in the ranks of the anti-saloon workers of Auburn. Every "dry" wears a broad smile. The hopes of the would-be saloon keeper are shattered and the haunts of the local sporting men are plunged into deepest gloom. Auburn is "dry."

As results of yesterday's option election in this city the town will be without saloons for another two years. Contrary to general expectations the city returned a vote in favor of the temperance workers. The results were so nearly a tie that the truth was not known until the last ballot was counted. The First ward was carried by a "dry" majority of 7 votes. The second ward went "wet" by 23 ballots. The Third ward saved the day for the anti-saloon men by returning a majority of 28. The final count was 502 votes in favor of the "drys" and 490 in favor of the "wets;" a "dry" majority of 12.

**Some Would Not Vote.**

Yesterday's voting was very heavy, although a small percentage of the voters absolutely refused to go to the poles. At the last city election the total number of votes cast was 1,065. Yesterday's vote fell short of the mark.

The election was a hard fought affair. The "drys" and the "wets" put forth every effort to win. The anti-saloon men drew considerable criticism by the wholesale challenging of votes, but nearly all of the men who were challenged managed to have their rights sworn in. The women temperance workers were much in evidence during the entire day, serving coffee and sandwiches at the poles.

The "drys" were prepared to carry out a celebration last evening but when they learned that they had been victorious the enthusiasm flattened so soon that the jollification plans were dropped. A band had been hired and fireworks were to have been displayed. The anti-liquor workers at the last moment decided not to gloat over their opponents and the whole affair was cancelled.

**Good Dry Majority at Butler.**

According to the reports received from Butler, 12 miles northeast of this city, that place went "dry" by a majority of 110 votes. The "wets" were beaten at the start in the neighboring town. The temperance forces were well marshalled and as the city is normally about 200 "dry" it was comparatively easy for the anti-saloon faction to crush the "wets." Every ward returned a vote against the saloons. The First ward was carried by the "drys" by 58 votes; the Second ward by 4 votes, and the Third ward by 48. After the returns had been announced the temperance workers held a celebration at their headquarters. Songs and speeches were the order of the evening.

As the results of the elections held in DeKalb county Monday and Tuesday, there will be only one "wet" spot for the next two years. At Monday's election Garrett returned a majority vote in favor of the return of the saloons, and Richland township, in which Corunna is located, returned a majority of 55 votes in favor of the "drys."

# ASK SUPPORT FOR LA FOLLETTE HERE

## Committee is Bombarding Fort Wayne With Appeals.

## MAKES LITTLE STIR

Fort Wayne republicans are now being bombarded with epistolary appeals in behalf of the LaFollette presidential boom. Scores of letters have been arriving within the past few days in which aid is asked in behalf of the Wisconsin senator who will seek to wrest the presidential nomination from President Taft next year.

The letters are sent out by what is termed the Progressive Republican Campaign committee, with headquarters at Washington, and are being mailed not only to republicans of supposed progressive proclivities but to many who have heretofore been counted as solidly lined up with the stand-patters.

The recipient is asked to get immediately busy in the organization of the party workers for the LaFollette interests and the creation of a pronounced sentiment for the Wisconsin man. The belief is expressed that Indiana is undeniably progressive in its views and that only a little activity by Mr. LaFollette's friends is necessary to make this plainly apparent. Action in behalf of the proposed presidential primary is also asked.

So far as can be learned, the LaFollette appeal has created very little stir among Fort Wayne republicans, who, if not quite satisfied with Mr. Taft, are somewhat hesitant in making an open declaration of war on the old party organization.

For pains in the side or chest dampen a piece of flannel with Chamberlain's Liniment and bind it over the seat of pain. There is nothing better. For sale by all dealers.

## FOR THE MAID WHO MOTORS.

FROM JAMES MCCUTCHEON AND CO. PHOTOS BY JOEL TIDER. FROM JOHN WANAMAKER.

THE new wool fabrics for motor wear are delightfully cosey and warm, while light in weight. Two smart motor coats for country wear are pictured here—one of copper brown ratine and the other in striped material. Also is shown a new scarf of angora, warm as fur, but so soft that it may be folded and tucked into the handbag when not in use.

Only a woman without pronounced curves could wear the smart striped coat illustrated, for it is all in straight lines and flat panels. The material is black and white cosmos mixture in a very fine pinstripe, and the trimmings are of black velvet, on which small, flat pearl buttons are sewed with crossed black threads. They make a dashing contrast with the striped material. On collar and cuffs are bands of Erin green cloth.

Sift together a pint of flour and a half teaspoonful of salt. Beat three eggs just enough to mix them, add a pint of milk. Stir into the flour, beating to make a smooth batter. Fill gem pans nearly full. Place in a moderate oven so that they will rise very slowly. In half an hour quicken the heat. They should swell to twice their first size and be hollow in the center. They will take nearly an hour to bake.

**Risen Fruit Cake.**

Scald one and a quarter cupfuls of milk, dissolve in it two tablespoonfuls of butter and two tablespoonfuls of sugar; when lukewarm add a yeast cake dissolved in one-quarter of a cupful of warm water and sufficient sifted flour to make a drop batter. Beat well, cover and stand in a pan of warm water until light, changing the water as often as it cools. When very spongy add three-quarters of a cupful of butter beaten to a cream with the same amount of sugar and three well beaten eggs. Beat hard and again set aside to keep warm until light. Add one scant teaspoonful of cinnamon, one-half of a teaspoonful of nutmeg, one-quarter of a teaspoonful of cloves, one-half of a teaspoonful of salt, one-half of a pound of raisins, seeded and slightly floured, one-quarter of a pound of citron cut fine, and as much more flour as may be needed to make a stiff batter. Let rise again, then beat down; divide between two loaf pans lined with buttered paper and let rise once more, baking slowly in a moderate oven. Cover with heavy paper for the first half hour to prevent having too dark a crust.

## FASHION'S ODDITIES IN SLEEVES.

While for indoor dress and evening cloaks the kimono style of sleeve continues to be worn, it is now of small account in the department of the tailor-made. There one could wish that sleeves would always remain the same, for their cut at the present moment is the ideal one, borrowed, we frankly admit, from the details of the man's wardrobe. In its present small, neat, well cut shape it has an advantage that is invaluable in winter time, for one can slip a waterproof or a heavy coat over the small untrimmed coat sleeve and find the smart tailormade not a crease the worse after hours of traveling.

If, however, the attraction of the coat sleeve is its sameness, it is the versatility of the evening sleeve that we find so admirable. There is still, of course, the kimono effect, and this winter its successor, the fichu, so draped that it is practically the whole sleeve with only a band of lace peeping under it, will also attain great popularity.

One of the very newest evening sleeves is fringed and assumes the form of an epaulette, or rather of a long loose shield—like the top part of an arm in a veritable coat of armor. Then we have, of course, the single bretelle supporting the corsage, the baby puff, the short rucked sleeve, the slashed sleeve and the butterfly, or handkerchief effect.

For day wear sleeves are lengthening, and this dooms the kimono, unless when it happens to be continued by a long close fitting cuff. A favorite notion is to have this lower sleeve of net or ninon in the color of the gown made transparent, so that it reveals an undersleeve of white net or lace. As to the blouse it is noticeable that while the upper part of the arm still preserves the Magyar effect, a seam is introduced on the under arm to give facility of movement to the wearer.

**COLORS FOR WINTER.**

An effective touch of orange is always striking with brown, and this has led to this color, which has been so long neglected, being revived for trimmings, especially in millinery and for very lavish wear in evening dress. Orange colored gowns and still more cloaks of satin or velvet are among the most striking notes of the season, and particularly pleasing when a tone of peach shines through the bloom of the deeper color and the garment is bordered with skunk or sable or brown toned marabout.

Purple and violet and all the shades within this gamut of color are peculiarly suitable for winter wear. In soft cloths and velvet they look their best, and, combined with fur, purple makes a regal garment. One does not know why it should be so, but there is some special harmony between purple and all sorts of fur. A chinchilla pelerine, a stole of marten sable, a scarf of ermine, all alike are more opulent in effect on a background of purple than with any other color, and this is perhaps the reason why dignified middle age looks its best in a purple gown when fur and lace are added to the richness of color and the soft effectiveness of material.

Whether or not we adopt the crinoline—which seems improbable—we may very well be enamored of another revival from that period. Nothing could be more fascinating than the little sac coats that have been seen recently, loose fitting and straight of line, and perfectly bewildering when softly bordered with fur. The coat comes only a little below the waist and does not fit anywhere, being left quite loosely about the figure; the sleeves may be either of the wing variety or caught at the wrist, and the fronts and neck and sleeves are bordered with soft gray or pale brown fur.

DEDERICK

DUCHESS of MARLBOROUGH.

The Duchess of Marlborough, who was Miss Consuelo Vanderbilt, of the well known American family, is now under a physician's care in England. She has been forbidden by her physicians to undertake any public engagements. The patient has been ordered to the seashore. News of the illness became public through a letter written by the Duchess explaining her inability to open a bazaar.

## MEDIAEVAL FASHIONS.

Long clinging robes of velvet, cut on straight lines which were fashionable in earlier centuries, are to be seen again in dresses for the daytime as well as evening. Dresses of this type, with entire absence of waistline, appeal strongly to women who like the individual note in dress.

Some of the straight dresses recall modes which were fashionable in France in the fourteenth century. The yokes, cut out in something like a V in front and on the shoulders, are made of bands covered with embroidery, and the dresses moulded to the figure in severe style from neck to hem have sleeves to the elbows, repeating the embroidered bands at the neck.

Such a gown was seen in a fashionable show room last week. Made of clear yellow velvet, the dress was hemmed with skunk and embroidered in deep tones of gold with a dash of turquoise blue introduced in the worsted girdle of deep gold, which gave a distinctive note to the dress. In the same show room there was a similar gown in Jacobean tapestry which had a tablier veiling of clear terra-cotta ninon down the front and back.

One of the latest gowns from Paris was suggestive of an old fashion revived, and was carried out in a lovely shade of hyacinth blue satin completely veiled with ninon of the same color. This overdress was rucked and puffed in the quaintest way, and each ruching was edged with brilliant.

# NEW PLAYER ADDED TO CORBY FOR THE THANKSGIVING BATTLE HERE

**Mehlem Will Play at Quarter and Will Direct the Club Which Expects to Win on Some Dazzling Trick Plays.**

[Special to The Sentinel.]

South Bend, Ind., Nov. 29.—Word has reached the Corby Hall foot ball squad that the Friar eleven, of Fort Wayne, which it will oppose in a game tomorrow afternoon, will depend largely upon its beefy line for a victory and in order to overcome this the Notre Dame eleven will depend upon its dazzling trick plays, which enabled it to win the inter-hall championship of the university.

Johnny Mehlem has been added to the team in order to strengthen it for the fray with the independents. He will direct the club from the quarter-back position and his presence will give the other men great confidence.

After winning the championship the Corbys did not lie back on their laurels and quit the game. They realized that they had a tough proposition in the Fort Wayne club and the men have been practicing daily just as hard as if they were right in the middle of their own little college war and when they get to Fort Wayne they will be in chape for a grueling battle.

Players will cut loose after the game and enjoy the good things prepared for them by the Friars and the Notre Dame alumnea at Fort Wayne. Training table stunts will be forgotten in a feast that will top off the Thanksgiving day trouble.

### FRIARS ARE NOT AFRAID.

**Men Believe They Can at Least Hold Corby, But Will Try for a Win.**

Announcement that the Corby Hall squad will be strengthened for the game has not made the Friars one bit afraid. They expected that the college men would bring along as strong an aggregation as they could pick up and express great satisfaction that this course has been followed.

Realizing that this will be their last appearance for the season the Friars are prepared to put on the best game of the season. There are no weak spots and every man will be in his regular position at the kick off, with lots of extras on the sidelines to get in when and where they may be needed.

Charlie Pask announced his retirement from the game this season and some of the other regulars may quit the sport after the Thanksgiving battle. This little cotefie is especially anxious to win because they want to retire with a victory to the credit of their team and this means they will put up a hard fight.

Arrangements have been made to entertain a big crowd at the park. The weather bureau has forecasted a clear, cool day and if this forecast is found to be right the biggest foot ball attendance in the history of Fort Wayne is about due.

There has been a good advance sale of tickets at the cigar stores and the Friar management is certain that if the weather is right enough money will be taken in at the gate tomorrow to put the club even on the season.

It will cost the Friars about $200 to put the game on, as they will have to entertain the visitors and will give them the very best accommodations to be had. For this reason a good gate is necessary to clear up the expense.

# COBB IS COMING TO LOCAL HOUSE

**Greatest Ball Player on Earth to Be Seen at the Majestic.**

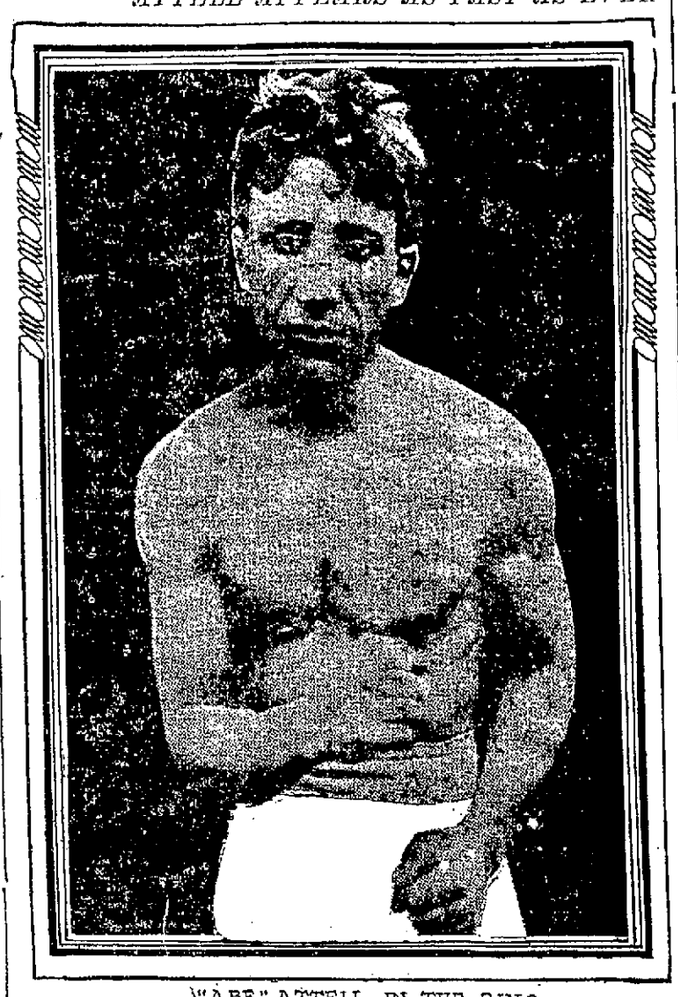

### IN "COLLEGE WIDOW"

Tyrus Raymond Cobb, the Georgia Peach, voted by a jury of baseball critics the best baseball player in the world, will be with "The College Widow" at the Majestic theater on December 26.

It will be the first time that Tyrus Raymond has ever bowed to the Fort Wayne public and although he had said for publication that he did not take kindly to the Thespian thing and that he is afraid of a theater crowd he has taken an engagement just the same and Manager Rice was fortunate enough to book him.

Just what Cobb's lines are does not make a great deal of difference, but he has enough to say and do to make him prominent in the cast and critics say of him that he takes as intelligent a grasp of theatrical work as any of the ball-player-actors now on the boards.

## HAS BEEN CHAMPION A LONG TIME, ATTELL APPEARS AS FAST AS EVER

"ABE" ATTELL IN THE RING.

Champions come and champions go, but there is one who seems destined to go on forever. He is none other than "Abe" Attell, the crafty feather-weight champion, who has held the title so long that the oldest citizen does not remember when he was not champion. "Abe" appears to be just as fast now as ever and finds little difficulty in disposing of all the aspirants who seek his title.

# MACK LOOKS FOR FIGHT IN 1912

Philadelphia, Nov. 29.—"It is going to be a much harder proposition winning an American league pennant in 1912 than it was this year," says Connie Mack, manager of the twice world's champion Athletics.

Every club in the league is strengthening to pull down the champions, and you know every great club has a time to be beaten. Chicago, Cleveland, Boston and New York will give us a great fight next year, and all the other clubs—even St. Louis—should be stronger than in 1911.

"We may win again, but it won't do for our players to grow over-confident and believe that they are going to have a walkover. They'll have the hardest fight of their lives on their hands next year, and will have to get in and hustle for every game."

The chances are that, with possibly one exception, the Athletics next year will present the same team that won the world's championship this year. The one exception may be in the outfield. Connie Mack is expecting great things from Maggert, the California outfielder. Connie has seen him in action and he feels pretty certain that Maggert is of the sort that can make good as a star in the big league. Just whose place Maggert will take is not certain, but he will make Lord and Oldring go at a great clip to hold their jobs.

Mack hopes to develop one or two more good young pitchers for next year. He feels pretty sure that Danforth and Martin will make good.

"I look for Danforth to be taking his turn before the middle of next season. He has as much 'stuff' in his twirling arm as any left-hander I have ever seen and all he lacks is experience. As to Martin, he fooled me completely. I put him in against Cleveland last year, and at the beginning of the game they pounded him something awful.

"Later we went to Cleveland for a Sunday game and I figured that as we needed only one more victory to put Detroit out of the running, I could afford to take a chance and give Martin a final tryout, fully expecting to see Cleveland give him a good beating. We talked it over, going out on the train, and though the players were anxious to win that game and settle the pennant, they felt satisfied to let Martin pitch, and I told him he was to go in for the full game. In this game Martin showed me that he was a good pitcher, and he had the Clevelands completely up in the air, winning hands down. It was then that I decided to hold on to Martin."

# SERIES GOES TO THE CANDY CLUB

**Heit-Miller-Lau Team Beats Eclipse Two in Three Games.**

### PRINTERS GOT THREE

After taking two in three games in the Fort Wayne Bowling association series at the Metropolitan alleys, the Heit-Miller-Lau club took a little slump in the third and allowed the Eclipse quintet to crowd over a victory.

For the winners Rapp rolled 214 for a starter and his score was high, and he got a couple of points the best of Suedhoff in the average. Fred Bartels had high average for three games. On the losing team Centilvre maintained the steady gait that has marked his work all season and took high score and average.

In the Manufacturers' league games the Fort Wayne Printing company went against four of the Kerr Murray bowlers and had an easy time tabbing a clean sweep of three games. Agne rolled 202 for high individual score, but Leist beat him for average.

Postponed games in the Bowser league were rolled off and three games went to the Order and Engineering corps. Walker captured the average honors with 212 for his best mark, but he was beaten for high score by Paulson, who scored 220 in the first game, and then had a bad slump. The scores:

JOHN J. KLING.

"Johnny" Kling, the old Cub catcher, is now seeking to buy a controlling interest in the Boston National League team. Kling has the backing of a syndicate in Kansas City and expects to land the club.

# BOXERS IN TRIM FOR THE BATTLE

**McFarland and Murphy Are All Trained for the Thanksgiving Go.**

### HOPES IN THE EAST

San Francisco, Nov. 29.—"Packey" McFarland, of Chicago, and "Harlem Tommy" Murphy have practically completed training for their Thanksgiving day bout. Both did light road work today, but no boxing was scheduled. The bout will be held in "Sunshine," Coffroth's open air arena if the weather permits; if not, the promoter will stage the contest at Dreamland Park at night. Both men are down to weight. McFarland is a top heavy favorite and the bout is looked on by local enthusiasts as merely a preliminary to the Chicago man's meeting with Ad Wolgast about New Years.

### NEW HOPES WILL BOX.

**May Be Able to Get Champion Out of This Mixup.**

New York, Nov. 29.—Another "white hope" tryout, the most important since Jim Flynn checked the pretensions of Carl Morris, will occur here tonght when Al Palzer fights Tom Kennedy at the Royal Athletic club of Brooklyn. Both men are young and thus far their records have shown no reasons why one or the other might not develop into a heavyweight champion. It will be a contest between a fearless aggressive slugger, which is Palzer, and a skillful boxer, Kennedy. Palzer weighs 212 pounds and has the advantage of seventeen pounds over his opponent. The fight has been billed as a ten-round glove contest for the white heavyweight championship of the world.

### CLABBY BEATS TIM LAND.

Sydney, N. S. W., Nov. 29.—"Jimmy" Clabby, middleweight boxing champion of Australia, today fought and knocked out "Tim" Land, a middleweight boxer, in a ten-round bout. Clabby led in every round. The contest took place in the stadium.

### EASY FOR THE HOF BRAU.

**Wins Three Games at Brunswick From The Scroggy-Pingrees.**

In the Brunswick league the Hof Brau team easily won three from the Scroggy-Pingree club. Knipple rolled 231 in the second game and got an average better than 200. The Magnolias beat the Hattersleys and the Crestos took three from the Meyer Brothers. The scores:

# SPORTING NEWS IN TABLET FORM

Toledo claims the record for small attendance at a game, just 87 fans witnessed a game in that city. Louisville was the opponent.

Thirteen dead, forty-seven severely injured and the Thanksgiving games to hear from, is the record this year in football.

With Thanksgiving games the football season will be over, a couple of days will be necessary to take care of the aftermath and then for the training camp budgets.

President Ed Barrow of the Eastern league, is asking for a re-election for a term of five years at a salary of $10,000 for each year. The inclination of the club owners is to give it to him, for he has proved an able executive.

Bill Gleason, the former big leaguer and favorite of the Phillies, is now doing a vaudeville stunt. While at Milwaukee he gave his old friend Hughie Duffy, a big boost and predicted a very successful season for him with the Brewers.

Charles W. Sheldon, aged 73 years, a wealthy landowner and retired capitalist, father of Jimmy Sheldon, coach of the Indiana university football eleven, died at Laporte after a prolonged illness. He is survived by his wife and one son and one daughter.

Manager Chance of the Cubs, cannot understand why some of his veteran players are not due for a great season next year. Most every team in the league has some "come backs" every year, and the peerless leader believes it is time for something like that to happen to his team.

Fred Clarke of the Pirates, is out with the prediction that Marty O'Toole will be the sensation of the baseball world next season. O'Toole, considering the fact that he was suffering from a lame arm, made a very remarkable showing in the few games he pitched for the pirates last fall, and it was the general opinion that he would be a star in fast company.

W. H. Watkins, the new owner of the Newark franchise, is in position to do battle with the Ohio State league which threatens to hold him up. He still has Evansville to fall back on in event he is not successful in getting the Springfield territory. Then he has the fans all worked up to Central league ball and the Ohio outfit wouldn't draw.

When Lefty Russell breaks back into baseball he will be a much wiser youth, though the lesson taugh him has been an expensive one. Russell, who has yet to make good in fast company, got the idea he should be paid as much money as the best pitcher in the world and the result was that he had a run-in with Connie Mack and was sent home. Thereby he missed a share in the world's series money and is placed in a position where he will probably have to beg to get another chance with the world's champions.

# ONE OF OLD ATHLETICS ON TEAM

The "old guard" in the American league is rapidly disappearing and after a decade of base ball we find very few of the original players who started the season of 1901 still in the league in any capacity.

The only member of the original Athletic team still connected with the club is Eddie Plank, whom Mack secured that year as a young collegian from Gettysburg. Lajoie is the only "regular" who played in the opening game of 1901, who is still in the big league. Larry was lost to the Athletics early in the season of 1902 through the injunction proceedings of the late Colonel John I. Rogers, then part owner of the Phillies. Lajoie went to Cleveland and he has been there ever since.

Many base ball "fans" are wrong in their opinion that Harry Davis, who has just left the team to become manager of the Clevelands, is the last of Mack's original team. The first man to play the initial sack for the Athletics was Charlie Carr. It was not until the middle of May that Mack pulled Davis out of a railway office to take the job on first base.

The original line-up of the Athletics was: Hayden, right field; Geier, center field; Fultz, shortstop; Lajoie, second base; Powers, catcher; Fraser, Bernhart and Plank, pitchers, and Lockhead, sub infielder.

Dan Murphy, who has been selected to succeed Harry Davis as leader of the team, is the fourth captain the Athletics have had in eleven years. Lajoie was captain the first year and Lave Cross held the job until after the Athletics won their second championship in 1905. But Lave's showing in the world's series against New York that year made it evident that Mack would have to look around for a new third baseman, and it was no surprise when the announcement came that winter that Cross had been released. Brouthers was placed on third base and Davis succeeded Lave as captain of the team.

# To Prevent Headaches

USE common sense. That's all there is to it. Don't use pills and powders. Headaches never come from nothing. Headaches always have a cause. Headaches are easy to prevent. Of course you've got to know how. Read the story on page 744 of Pearson's Magazine for December. That shows how to cure all kinds of headaches—except the "morning-after" kind—in ways that soon prevent headaches. If your head sometimes aches, this will be about the best story you ever read. What may be done to insure that our courts, which have been called the backbone of privilege, may really be the backbone of the nation, is the subject of another article. Another explains how many of the things we eat and drink and wear are being imitated every day and sold over counters everywhere. The same magazine contains another chapter of the story of "The Four Hundred"—the wonderful story of the rise and fall of big, rich American families which form our so-called aristocracy. This story tells of the rise of the Vanderbilt family. There is another tale of the famous "Apaches of New York," and seven mighty good, complete, short fiction stories. Whether you seek information or entertainment, here's the best magazine that will be published this month.

# NEW CARDINALS GET RED HATS

## American Princes of the Church Recipients of the Biretta.

## CEREMONY TOMORROW

Rome, Nov. 29.—This afternoon all the new cardinals, including the American prelates, Mgrs. Falconio, Farley and O'Connell, went to the vatican, and on their arrival they formed into procession and preceded and accompanied by the Swiss and noble guards and personages of the papal court, passed through the magnificent halls to the state apartment. The way was lined with guests who had come to pay them homage. The newly created cardinals were then introduced into the presence of the pontiff, Pius IX. permitted each of the cardinals to kiss his hand and his foot afterward imposing upon each the red biretta as a first tangible proof of their supreme dignity.

Cardinal Falconio, being the dean of the newly created cardinals, delivered an address warmly thanking the pope, presenting his respectful homage and placing the services of the new cardinals at the disposal of the pontiff. Mgr. Falconio added that he understood the responsibilities weighing on the august person of the pontiff "especially in these very sad times, when society is threatened by an anti-religious movement aiming at the destruction of the church of Christ. Thanks to the energetic and constant action taken by your holiness since the day of your providential election to the pontificate, a barrier has been opposed against this devastating current."

Cardinal Falconio went on to say that the new cardinals would pray to the Almighty to preserve and support the church in its struggle against the spirit of evil and to insure its final triumph. He concluded by again offering the services of the cardinals who were humble but inspired by unbounding obedience and profound veneration in upholding "the inviolable and sacred rights of the church."

The pontiff thanked Cardinal Falconio, spoke cordially with Cardinal Farley and congratulated Cardinal O'Connell.

The ceremony of today will be followed on Thursday by the great public consistory, during which the red hat will be conferred upon them.

# LIVE AND LET LIVE

## Views of a reliable merchant who has sold toys in Fort Wayne to gladden the hearts of the little ones, for 27 Christmases.

Somebody said, "Teach Your Dollars to have More Cents." This is an utter impossibility for there are only one hundred cents in the U. S. dollar. However, at my store you can teach your cents to make more dollars for you in the savings on purchases of toys and Christmas presents.

I do not dabble in dry goods, clothing, millinery, shoes, furniture, groceries, meats or serve luncheons. I leave that for those who are legitimately engaged in those lines of business. I do not profess to conduct a department store, but I do claim that an experience of 27 consecutive years of honest dealing in our city, in children's toys, has given me an advantage in knowledge in buying and selling that in turn is most advantageous to my customers.

I have the largest and best stock of toys in Fort Wayne at the most reasonable prices. No stairs to climb; everything out in plain view and prices marked plainly.

The public is courteously invited to call and inspect my stock. Open every evening from now until Christmas. Buy early while the stock is complete. A small payment will hold any article in the store. It is certainly to your advantage to buy your toys from a PRACTICAL TOY MERCHANT.

# AMERICAN TROOPS WILL AID CHINA

Washington, Nov. 29.—The United States today formally offered to China the services of 2,500 American troops now stationed in the Philippines to aid in keeping open the railway from Peking to the sea and for the protection of foreigners if the Chinese council of ministers desires to accept their services.

American Minister Calhoun was instructed by the state department to explain to his colleagues in the diplomatic corps at Peking that the United States government in recognition of its obligation and rights secured by the treaty following the boxer troubles, is holding in constant readiness at Manila an expeditionary force of from 500 to 2,500 men.

This is in no way to be considered a force of intervention but merely the United States' part in carrying out with the other powers, the provision of the 1901 protocol for maintaining railway communication from Peking to the sea. A company of marines which will leave Shanghai today aboard the cruiser Saratoga for Peking, were requested by Minister Calhoun. This force will be used to guard the Methodist mission located near the legation quarter, where 140 American missionaries are to assemble if the turn of events require such a move.

### REBEL REPULSE AT NANKING.

Nanking, China, Nov. 29.—(6 p. m.)—A concerted attack on the gates of the city by the revolutionaries failed, and the revolutionaries were driven out with heavy losses and forced to retire. Lieut. Gen. Feng Kwo Chang, commander of the imperial troops, retains full possession of the city. Gen. L. Yuen Heng at Wu Cheng has requested reinforcements and the revolutionaries are preparing to send a number of ships and men to that city. The revolutionary flags, which have been flying in Shanghai and other towns in the vicinity, are disappearing. Further activities are expected at Nanking tonight.

## Neufer Had Too Much Money and Deposited Enough to Cause Arrest

## NEGROES ASK JURY

August Neufer, who has spent all the time in the last few years he was not cleaning saloon spittoons in exemplifying the degrees of the order of bar flies, opened a bank account a few days ago and this led to his arrest and conviction of stealing about $30 from Wilbur F. Cole.

Cole came over from Ohio to see about a patent that he has worked out while he was not engaged in his duties on his wife's farm and he fell in with Neufer. He got drunk and Neufer took him to his room and skinned a twenty and a ten off a fat roll carried by the Ohio agriculturalist.

He was seen with the bills and the fact that he was never known to have over twenty cents at a time excited suspicion and caused him to be arrested. He was found guilty and sent over with a fine of $5 and a jail sentence of sixty days. Twenty-two dollars of the money was placed in a bank and he spent the remainder.

Negroes Ask for Jury.

The eleven negroes arrested in a raid on the club rooms on Harrison street, and charged with gaming filed an affidavit in the city court today in which they ask for a change of venue. A judge will be appointed to hear the case as they did not want to take any chances with Judge Mungovan.

Earl Schwab is held for the police at Gary. He waded across the Calumet river to escape arrest and the fact that he went into a lodging house here with his clothing soaking wet brought about his arrest.

Bill Hicks was up for drunkenness and drew an indefinite continuance.

# I Am Willing To Prove I Can Cure You

## To That End I Am Giving Away $10,000 Worth of Medicine

In order to show beyond all doubt that I am in possession of a medicine that will cure kidney trouble, bladder trouble or rheumatism, I will this year give away ten thousand dollars' worth of this medicine, and anyone suffering from these diseases can get a box of it absolutely free. All that is necessary is to send me your address.

I don't mean that you are to use a part of it or all of it and pay me if cured. I mean that I will send you a box of this medicine absolutely free of charge, a gift from me to the Uric Acid sufferers of the world, so I can show them what and how they may be cured. I will not expect payment for this free medicine, nor would I accept it now or later if you sent it. It is free in the real meaning of the word.

For twenty-five years—a quarter of a century—I have been trying to convince the public that I have something genuine, something better than others have for the cure of stubborn, chronic rheumatism, for torturing kidney backache, for annoying calls to urinate. But it is hard to convince people—they try a few things unsuccessfully and give up all hope and refuse to listen to anyone thereafter. Happily, I am in a position now to demonstrate to sufferers at my own expense that I have a medicine that cures these diseases. I don't ask them to spend any money to find out; I don't ask them to believe me, nor even to take the word of reliable people, but all I ask is that they allow me to send them the medicine at my own cost. That is surely fair.

To this end I have set aside ten thousand dollars, which will be used to compound my medicine. Much of it is ready now to be sent out, all of it fresh and standard. There will be enough for all sufferers, though there be thousands of them. And anyone who needs it can get some of it free. But in order that I shall know that you have a disease for which this medicine is intended, I ask you to send me some of your leading symptoms. If you have any of the symptoms in the list printed here you need my medicine and if you will write me I will gladly send you a box of it free with full directions for your use. Look the symptoms over, see which symptoms you have, then write me about as follows: "Dear Dr., I notice symptoms number"—here put down the numbers, give your age, full address, and send it to me. My address is Dr. T. Frank Lynott, 5042 Occidental Bldg., Chicago, Ill.

The ten thousand dollars I am spending for the compounding of my medicine is only a part of the money I am devoting to this cause, for the package of medicine I send you will be fully prepaid at my expense. From any standpoint you view it, YOU incur no expense or obligation. Just tell others who you know are suffering who sent you the medicine that cured you.

I am promising to give away ten thousand dollars' worth of medicine, and I will do that; I am promising to send any sufferer who writes me a box of this medicine and full directions free of charge, and I will do that.

DR. T. FRANK LYNOTT
who is giving away $10,000 worth of medicine.

I can say further that this medicine has been vouched for according to law as complying in every detail with all requirements. It will stop rheumatism, it will stop pain and backache, it will stop too frequent desire to urinate; it will heal, soothe and strengthen. You will be better in every way for having taken it. There is not an ingredient that can injure; not one but will benefit. All that I ask is that you use it yourself so that you may be personally convinced.

Owing to the large number of requests, I have had ten thousand more copies of my medical book printed. This book is new and up to date and contains complete descriptions, symptoms, causes, effects and cures of kidney, bladder and rheumatic diseases. All who write for the free medicine will be sent a copy of this grand illustrated medical book—the largest ever written on these diseases for free and general distribution.

If you need medicine such as I have, if you are anxious to be cured and don't want to spend any money LOOKING for cures, write me. Read the symptoms over and let me hear from you today.

### These Are the Symptoms:

1—Pain in the back.
2—Too frequent desire to urinate.
3—Burning or obstruction of urine.
4—Pain or soreness in the bladder.
5—Prostatic trouble.
6—Gas or pain in the stomach.
7—General debility, weakness, dizziness
8—Pain or soreness under right rib.
9—Swelling in any part of the body.
10—Constipation or liver trouble.
11—Palpitation or pain under the heart.
12—Pain in the hip joint.
13—Pain in the neck or head.
14—Pain or soreness in the kidneys.
15—Pain or swelling of the joints.
16—Pain or swelling of the muscles.
17—Pain and soreness in nerves.
18—Acute or chronic rheumatism.

## SUPT. WARDROP WILL GO SOUTH

### Leaves Sunday Night for Southern Pines, N. C., to Recuperate.

### C. J. PARKS TO BE LAMAR'S SUCCESSOR

### New Chief Car Inspector of Pennsylvania Comes from Vandalia

Supt. W. M. Wardrop, of the Pennsylvania, who has been ill with pneumonia several weeks, will leave next Sunday night for Southern Pines, N. C. He will be accompanied by Mrs. Wardrop and the trip will be made in the private car, of General Superintendent A. M. Schoyer, No. 7502, leaving on train No. 8 at 7:25 o'clock Sunday evening. Mr. and Mrs. Wardrop expect to remain at Southern Pines until he fully recovers. He is making rapid progress in that direction and is now able to be up and walk about the house much of the time. Had the weather been pleasant today, Mr. Wardrop would have gone out doors for a short time. Notice of his rapid improvement will be gratifying news to all, for he is held in the highest esteem by the people of Fort Wayne.

#### WILL REPORT NEXT SUNDAY.

Delegates to State Y. M. C. A. to Render Account.

At the meeting of the Y. M. C. A. at the association rooms, Holman and Calhoun streets, next Sunday the men who represented the local branch at the state meeting in Anderson last week will make their reports. They are Secretary W. S. Whitbeck, Crawford Griswold, F. H. Doty and Harry Holverson and each will speak at the meeting Sunday. The choice of convention cities for the 1912 meeting was not decided at the Anderson meeting, but was left to the state board and the announcement will be made later. Fort Wayne is said to be seeking the honor and may win it. Anderson has no Y. M. C. A. association and the meeting there of the state organization has given impetus to the movement looking towards the establishment of an association in that city.

#### CHANGE ON WABASH.

Two Popular Trains Are Most Effected.

Next Sunday the Wabash will put a change of time in effect which will be most noticeable on trains 6 and 14. Beginning on that date No. 14 will leave this city at 4:15 in the afternoon, going to Toledo via Montpelier and making all local stops. No. 6 will also change its route, leaving the city at 5:30 p. m. and going to Toledo via Defiance, also making local stops. Notices of these changes were received at the local ticket office this morning.

#### WILL SUCCEED LAMAR.

O. J. Parks Appointed Pennsylvania Chief Car Inspector.

The bulletin announcing the successor to Adam LaMar, former chief car inspector of the Pennsylvania Northwest System, was received here today. The appointee is O. J. Parks, general foreman of the car department of the Vandalia, with headquarters at Terre Haute. The appointment becomes effective December 1. Mr. Parks was never connected in any way with the Northwest system and is, therefore, but little known in Fort Wayne. He is said to be a most efficient car foreman and will no doubt make equally as good a record as chief car inspector. As previously stated by The Sentinel, Adam LaMar has been appointed master mechanic of the Chicago division of the Pennsylvania.

#### [illegible] CALL OF COUNTRY.

M. Pidomany Will Return to Italy to Take Up Arms.

M. Pidomany has resigned his position in the Pennsylvania erecting shop and will leave tomorrow for New York, from whence he will sail for Italy. Although Pidomany is an American citizen, having been naturalized and voted at the polls, he feels compelled to respond to the call of Italy for men and will go there and enter the army. With the call was a draft for $65, a sum presumably sufficient to meet the expenses of the journey to Italy. Pidomany says that many of his countrymen have made similar responses to calls and many more are awaiting calls and will respond when it comes.

#### DR. WAGNER VERY SICK.

Is in Hospital in Minnesota for Surgical Operation.

Dr. E. F. Wagner, medical examiner for the Western division of the Pennsylvania Relief association, who is in St. Mary's hospital, in Rochester, Minn., is suffering from a malignant tumor of the lower bowel and will undergo a surgical operation, which is expected to relieve him of the trouble. A preparatory operation was performed November 24, which revealed the extent of the malady. Mrs. Wagner is with her husband at the hospital and will remain there until the doctor recovers sufficiently to make the journey home.

#### SAYS COUNTRY IS PROSPEROUS.

Leslie's Weekly thus quotes James McCrea, president of the Pennsylvania railroad: "This talk of industrial depression, of a general business slump, of hard times is all a mistake. This country is prosperous, and, while there has been a shrinkage in some quarters, those who are predicting hard times certainly do not know the general conditions which obtain throughout the whole land. In the south the cotton crop is enormous, and in the northwest the crops are bountiful. In fact, in all the country farm products, while not prodigious, are fair. There cannot be said to be hard times anywhere. There is only slackness of business in some regions."

#### NOTHING DOING TOMORROW.

All the railway shops and all the other industrial plants of the city will be closed tomorrow except for work that cannot be put off a day and the men will spend the Thanksgiving day as best suits their tastes. Many will go hunting and many will visit friends in other cities or in the country, but the vast portion of the shopmen will remain at home to enjoy the good things the "women" folks" will prepare for them. All the railroads will do but little in the way of handling local freight and dead through freight, though the passenger trains and perishable freight will be handled as usual.

#### HAS NEW HEADQUARTERS.

Julius Kruttschnitt, director of maintenance and operation of the Harriman lines, has moved his office headquarters to New York, from whence he will direct the affairs of the lines hereafter. Forty employes, the most of whom are married, will follow him in a week or two. Among them will be F. W. Moll and W. A. Worthington, assistants to Mr. Kruttschnitt. W. F. Bull, his chief clerk, and J. D. Isaacs, a member of Mr. Kruttschnitt's staff of consulting engineers.

#### RAMSEY PUSHING ROAD.

Joseph Ramsey, who has been engaged in building some railroads in the northern part of Ohio for two or three years, is now pushing construction on the Lorain branch of the Ashland and Western to Ashland. The Ashland and Western is now completed and in operation to Custaloga, twelve miles west of Wooster, on the Fort Wayne branch of the Pennsylvania.

#### CAPTAIN STOLL AT WORK.

After an absence of several weeks, first on account of the illness and death of his wife and later on account of being ill himself, Capt. H. C. Stoll took up his duties at the head of the Pennsylvania police department this morning. He is still suffering from his illness, but expects to rapidly recover.

#### EN ROUTE TO THE SOUTH.

Engineer Roy Jones and Fireman S. S. Gross, of the Grand Rapids and Indiana, left early this morning for Jacksonville, Fla., and thence they will visit a number of other points in the Gulf coast. They expect to be gone two or three weeks.

#### RETURNS FROM PENNSYLVANIA.

Master Car Builder J. A. Graham, of the Pennsylvania, has returned from a business trip to Altoona. Gus Roebke, who accompanied Mr. Graham, will not return home until tomorrow or the following day.

#### INDUSTRIAL NOTES.

Pennsylvania Blacksmith E. E. Szink is sick and off duty.

Pennsylvania Engineers J. H. Smith and L. P. Galland are off duty on account of sickness.

Pennsylvania Fireman H. F. Briggs is off duty on account of the death of his uncle in Whitley county.

L. L. Cullen, of the Pennsylvania air brake room, went to Plymouth this afternoon to remain until Sunday.

Michael Carey, night watchman at the Pennsylvania blacksmith shop, will spend Thanksgiving day at Chicago.

Emil Diester, president of the Diester Concentrator company, left this morning over the Pennsylvania for New York.

H. Fox, a carpenter, and Peter Williams, a cabbuilder, who were sick, resumed work in the Pennsylvania shops this morning.

Fireman O. O. Fell, of the Pennsylvania, is sick and off duty. There are symptoms of appendicitis and he may have to submit to an operation.

Tony Klotz, a clerk, will resume his duties at the Wabash freight office December 1. He returned from Denver last night, after an absence of several weeks.

Paul Hanley, watchman at the Lafayette street gates to the Pennsylvania shops, and his wife will leave tonight for Springfield, Ohio, to remain until Monday.

Martin Cramer resumed charge of the laborers in the Pennsylvania shop and storehouse yards this morning. He was injured by a fall last Friday, but has recovered.

George Herman and Ralph Petgen, Pennsylvania shopmen, left for Rome City this morning and tomorrow will try the merits of a new hunting dog that was highly recommended for rabbits.

Fireman A. J. Rager and Stenographer J. C. Brake, of the Pennsylvania, were guests of relatives and friends at Dunkirk, Ind., on the Panhandle line, over Sunday. Their wives were with them.

Ralph Van Dyke, of the Denver and Rio Grande, and J. T. Crawford, of the Rock Island, traveling passenger agents, were in the city this morning calling upon local ticket agents and prospective travelers.

Alex Azzer, a laborer at the Bass foundry, had one of his legs painfully bruised this morning, when a car wheel he was rolling got beyond control and fell against him. No bones were broken.

T. L. Cochran, Canadian traveling freight agent of the Wabash, accompanied by Mrs. Cochran, will arrive here this evening to spend Thanksgiving day with Division Storekeeper H. W. Hurst and his wife, who are old acquaintances.

John Brown, head of the Wabash waterworks, spent a few hours in the city this morning, returning to the Peru hospital this afternoon. Mr. Brown had an affection of the eyes which threatened serious results a few weeks ago, but it is rapidly getting better.

Foreman W. B. Madara, of the Pennsylvania shops, and his wife will have as guests tomorrow his sister, Mrs. Charles Dickson, and his uncle, John Hunter, of Bellewood, Penn., who will arrive here tonight. Mr. Dickson, who is a locomotive engineer, could not get away from his work and will not be here.

## A TALE UNFOLDED FROM THE TAIL OF A HORSE NAMED PRINCE

PRINCE, HIS LETTER AND ONE OF HIS NEW FRIENDS

The herein letter is a tale unfolded from the tail of a horse. His name is Prince and he arrived in New York from the West to join the police force. Tails of horses shipped from the West are always bandaged to keep them from being hurt in the cars. Prince was sold on his arrival, and when the groom combed out his tail he found in it the following note, which described Prince's pedigree:—

New Friend:—My name is Prince. I am five years old. I have lived on the farm with my mother all my life. I have worked in the field and on the road for two years. I like to work, but prefer being hitched to a buggy. My master loves me, and I like him. When I get scared he is very firm, but seldom uses a whip. I like Nina, too. She has never driven me, but I have let her put my bridle on and lead me around. I like Theodore best. He feeds me an apple if he has one. If you like me, wish you would write him.—J. T. Hewitt, Morning Sun, Iowa.

The beautiful horse has been assigned to the Police Department and says he hopes the folks back in Morning Sun will soon learn of his important duties.

#### DECATUR NEWS.

Decatur, Ind., Nov. 29.—The old W. C. T. U. in Decatur and delegates of the churches and pastors interested generally held a meeting at the library hall yesterday looking toward an active reorganization. Mrs. Jno Niblick presided and interest was marked. The company will have the pleasure soon of Mrs. Elizabeth Stanley's presence. Committees on music were named as follows: Omar Butler, U. B. church; G. T. Burk, Christian church; Dr. J. Q. Neptune, M. E. church; J. C. Patterson, Presbyterian church and Rev. Wise, Evangelical. When Rev. Goodwin, of the United Brethren church, finished a splendid address he was heartily encored. In more ways than one the meeting was a great success. So look for further activity from this body of women. On Mrs. Stanley's arrival a committee will meet her train and homes of the W. C. T. U. women will be thrown open to her.

Misses Maggie and Nellie Daniels have gone to Churubusco; Miss Maggie goes to visit and attend the C. E. convention at that place, while Miss Nellie is a delegate of the Endeavor society of the Christian church.

Last evening at seven o'clock Rev. L. C. Hessert officiated at the quiet wedding of Miss Vera Hammond and Mr. Curtis Fritzinger. Gowned in a becoming dress of crown satin, piped in pale blue to give a touch of contrasting color, the bride looked unusually pretty and sweet. The bodice of the dress was of allover lace and the brides hat was black with plumes. Following the ceremony congratulations were extended. Both the young people come from excellent families. The bride is a daughter of Mr. and Mrs. Lewis Hammond, of Line street. The groom's parents are Mr. and Mrs. Oscar Fritzinger, of near Monmouth. Tomorrow a Thanksgiving dinner at the bride's home will honor the young couple and shortly they will be at home in a cozily furnished home at 416 N. Second street. For several years the bride has worked at the telephone office and at Steele & Weavers Racket store, while the groom has been a valud employe of Kirsch & Sellmeyer's lumber yard.

Thanksgiving will be observed throughout the city tomorrow with family dinners.

Mrs. R. S. Peterson, Miss Elizabeth and Mr. Dick Peterson will spend Thanksgiving in Shelby.

Mr. and Mrs. Jno Kiracope will spend Sunday in Wren.

Wm. McGonagle has returned from a business trip to Marion.

### LOOK OUT FOR CATARRH

The cold weather flag is an unwelcome sign to Catarrh sufferers. These persons know that with the return of Winter the disease will be more intense and their suffering greatly increased. During the warm season the symptoms of Catarrh may have been milder because some of the impurities in the blood were constantly passing out of the system through the perspiration. At that time the pores were open, and it was nature's favored opportunity to rid the system of as great amount as possible of all germs, impurities and morbid matters. Cold weather returning, partially closes the pores and checks perspiration, then as a natural result Catarrh grows worse.

Every symptom of Catarrh indicates impure blood. First there is irritated and inflamed mucous membranes of the head, nose and throat, from which there is a constant discharge of watery matter. This comes from inflammation of those members, and is caused by catarrhal matters in the circulation. Nature intends that these mucous surfaces shall all be nourished by the blood, and as long as the circulation is pure, this necessary work is satisfactorily performed, but catarrhal impurities deposited into these delicate parts sets up inflammation, and the discharge is a natural result. When this secretion begins to dry it grows thicker and becomes sticky, then it adheres to the throat and upper back portion of the mouth, causing an annoying straining and coughing to loosen it. Other ordinary symptoms of Catarrh are headaches, pains above the cheek bones, roaring sounds in the ears, etc.

S. S. S. CURES CATARRH

S. S. S. cures Catarrh by cleansing the blood of all impurities and germs, and at the same time building up the system by its fine tonic effects. S. S. S. goes down into the circulation and removes every trace of foreign matter or catarrhal impurity. In other words S. S. S. cures Catarrh by purifying the blood so that the mucous surfaces and linings of the body are supplied with healthy blood instead of being constantly diseased from the absorption of catarrhal impurities. Then the inflamed membranes heal, the discharge is checked, head noises cease, the stomach is benefited, the throat is cleared up, and every miserable symptom of Catarrh is corrected. There is but one way to cure Catarrh—purify the blood, and S. S. S. is the best of all blood purifiers. Write for our special book on Catarrh, and learn of what we consider the only safe and certain way to be cured. No charge for the book.

### GRAIN AND PROVISIONS.

Chicago Market.

Chicago, Ill., Nov. 29.—Reports of disappointing yields in Argentine gave the wheat market today a quick upturn. Before this news was at hand the market had displayed a declining tendency. Opening figures were ½c lower to ⅛@¼c advance. May opened a shade off to ¼@¼c up at 98½@98¾c, receded to 98¼c and then rose to 98⅞@99c.

With country offerings moderate and good commission buying, corn developed quite a little strength. May started a shade higher at 64c, touched 63¾@63⅞c and advanced to 64¼c.

Afterwards the market eased off somewhat with wheat. The close, however, was steady at 64¼c for May corn, a net gain of ¼@⅜c.

Shorts covering on account of tomorrow's holiday sent prices yet higher, but the market later eased off. Owing to scarcity of vessels here to move grain. The close was steady with May ½c up at 99@99¼c.

Trading in oats was largely in the way of changing December holdings to May. That month started a sixteenth off to a like amount up at 49c to 49⅛c, and ascended to 49⅜c.

Scalping shorts took all the offerings of provisions. The fact that hogs had increased in price furnished the incentive. First sales were 2½c to 12½c higher, with May delivery $16.50@16.52½ for pork, $9.47½ for lard, and $8.67½ for ribs.

### STOCKS AND BONDS.

The Day on Wall Street.

New York, Nov. 29.—Irregular movements characterized the opening of the stock market today. Most of the active issues were slightly lower. Reading, Lehigh Valley, Union Pacific, Northern Pacific and United States Steel sustaining fractional losses. Wabash lost a point. Several issues moved upward. Canadian Pacific and International Mercantile Marine preferred rose a point and Kansas City Southern preferred ¾.
The market turned definitely upward for a brief interval in which the buying of Union Pacific and Reading was on a large scale. Higher prices invited realizing sales with the resultant downward trend accentuated by a show of pronounced weakness in stocks. Northern Pacific and Lehigh Valley were forced 1¾ below yesterday's closing and Amalgamated Copper 1. United States Steel, Reading and Union Pacific were down almost a point and the market showed a moderate display of heaviness in some other quarters. There was a substantial rise in American Can preferred.
New York Central went down over 2 points in short order and there was an equally quick break of 3 points in American Beet Sugar. In the more active quarters, losses were sustained of 2 points in Lehigh Valley and Reading, 1½ in Union Pacific and a point in many other stocks. Bonds were irregular.
Bear operators increased their pressure against the list when call money rates rose to 5 per cent. Amalgamated Copper extended its loss to 2 points. The October reports of the Union Pacific and Southern Pacific showing comparatively small decreases in net earnings, although the gross returns fell off largely, served as a check to the selling and the list stiffened slightly.
The market closed steady with final prices generally materially below yesterday's closing figures.

# YOUR GRAY HAIRS QUICKLY VANISH

## A Harmless Remedy, Made from Garden Sage, Restores Color to Gray Hair.

A feeling of sadness accompanies the discovery of the first gray hairs, which, unfortunately, are looked upon as heralds of advancing age. Gray hairs, however, are not always an indication of advancing age, for many people have gray hairs quite early in life. Of course, it is unnatural, and indicates that there is something wrong with the individual, and that Nature needs assistance in correcting the trouble. The same is true of hair that is constantly falling out and becoming thinner every day. If everything is right with Nature, the hair, even in comparatively elderly people, should be long, thick and glossy, without even a streak of gray.

The ideal assistant to Nature in restoring and preserving the hair is Wyeth's Sage and Sulphur Hair Remedy, a clean and wholesome dressing for daily use. It not only removes dandruff, but strengthens weak, thin and falling hair and promotes its growth. A few applications will restore faded or gray hair to its natural color.

Get a bottle today and let it do for you what it has done for thousands of others.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

### Method In Madness.

Pat Sullivan was a soldier and a good fellow; but in the opinion of officers and men alike he was certainly suffering from some brain affliction, and when on duty or at drill he would suddenly break from the ranks and run after an imaginary bit of paper, visible to no one but himself, shouting as he did so:

"There it goes! There's the paper!"

This at length became so frequent an occurrence that, on the matter being brought before the medical authorities, he was declared to be suffering from a slight attack of insanity, and in consequence he was given his discharge. When leaving, however, he gave evident proof that there was some method in his madness, for as he quitted the service for ever he cried, flourishing his discharge-paper:

"Faith, boys, sure I've got the piece of paper I've been running after this long time!"

### The Man They Admired.

Several senate clerks and stenographers were gossipping in the Capitol building the other day, telling reminiscences of statesmen past and present, when Senator Cummins of Iowa passed them. "Ah, there's the best of all of them," one remarked. "Right you are," asserted another. "Foraker was great, but, in some respects, this man even surpasses him." "I doubt if this old building ever forgets his memory," sighed a third. "Wonderful in debate!" was the fourth man's contribution. "No man was ever his equal in the hullaballoo of a hot fight on the floor." A stranger had listened to the praises, following Senator Cummins with his eyes as long as he could. "Who is he?" he asked eagerly, "Some famous orator? The country's leading statesman, perhaps? A political genius?" "Genius nothing!" grunted one of the stenographers. "Why that man's the slowest talker of the senate and the easiest to take in shorthand!"

# COUNCIL FAVORS THE NEW PRICES

## Market House Ordinance May Go Through With Little Opposition.

## BOARD AND COUNCIL

An informal discussion by members of the city council of the new scale of prices proposed by the board of public safety for the stands in the city market indicates that when the ordinance is presented at the next meeting of the city solons it will be started on its way to final enactment.

Fifteen gardeners were before the board last night and asked that the stall rent be fixed at $15 a year, daily rent for covered stalls at 20 cents and locations outside the market at 10 cents a day. This is $5 less on the annual rental than the council proposed, but to settle the muddle it is likely the reduction will not be opposed.

The National India Rubber company bid $3,961 and the Safety Insulated Wire and Cable company $3,131.88 for supplying and installing the cable necessary for the extension of the police alarm and fire alarm systems.

Patrolman Beugert tendered his resignation from the police force and no appointment was made to fill the vacancy.

**City Council Meeting.**

At its regular meeting the city council granted the board of education the right to purchase the Hamilton property for the extension of the high school building. It is expected that the property will cost $40,000 and $100,000 in additional buildings.

Figures were submitted showing that the present building is too small now and that the enrollment from the grade schools will bring the total number up to 900 as against 480 when the building was finished.

Oliver T. Steward asked the council to refund the money paid for his fair grounds license and the matter was referred to the claims and finance committees. When Dave Randall pays his city bills his claim will be considered.

The North Side Civic Improvement association endorsed the movement to employ an assistant engineer for track elevation.

Ordinances appropriating $700 to pay the city sealer, $120 to pay the raise in the salaries of the sanitary officers, $1,006 to pay the increase in the salaries of the firemen and $121 to pay the claim of M. F. Noll for plumbing done a number of years ago at No. 1 pumping station were passed.

The franchise granting the Fort Wayne and Northern Indiana Traction company the right to lay a switch track to the Bursley building on Superior street was granted.

An ordinance providing for the employment of an assistant city engineer at a salary of $2,000 per year, to prepare plans fortrack elevation and to assist Engineer Randall generally, was referred to the committee on finance and track elevation and to the city attorney and city engineer.

Ordinances providing for the employment January 1st of five additional firemen, five policemen and one detective sergeant were referred to the finance committee.

# GOVERNORS GO TO KALAMAZOO

## Delegation of Boomers of Western States Visit City in Michigan.

## IS SOME CEREMONY

Kalamazoo, Mich., Nov. 29.—The governors of ten western states arrived here early today from Chicago forty minutes ahead of schedule time, to make the second stop of their tour of the central western and eastern states. The party arrived on a special train, which included several handsomely decorated cars of western produce. Elaborate plans have been worked out for the reception and entertainment of the governors. The visitors were greeted by Gov. Chase S. Osborn, who came to Kalamazoo last night to welcome his brother executives in the name of the state of Michigan, by Mayor Charles H. Farrell of this city, by the city council, members of the Kalamazoo Commercial club and several hundred citizens.

The special train was met also at the union station by sixteen automobiles decorated with banners for each of the various delegations, the cars being named for each of the states represented.

After parading the principal streets of the city, the party visited the paper mills and other industrial establishments, the celery fields and state and municipal educational institutions.

The party was scheduled to leave for Grand Rapids, Mich., at 1:30 o'clock this afternoon.

# BREAKS A COLD IN A FEW HOURS

## Says Quinine Isn't Effective in the Cure of Colds and Grippe.

Nothing else that you can take will break your cold or end grippe so promptly as a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

The most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, running of the nose, sore throat, mucous catarrhal discharges, soreness, stiffness, rheumatism pains and other distress begin to leave after the very first dose.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

Take this harmless compound as directed, with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply. adv

Miss Myrtle Emboy, 519 Hendricks street, is seriously ill with appendicitis and will probably be removed to a hospital today or Thursday to undergo an operation.

A horse belonging to the Wayno Manufacturing company, and hitched to a light delivery wagon, fell on the icy pavement at the corner of Maine and Clinton streets this morning and considerable difficulty was experienced in getting the animal on its feet again.
